SWISS TECHNOLOGY FOR SURGERY

SINGLE-USE CASSETTE SYSTEMS

Apart from a full range of single-use and reusable IA systems, phaco-accessories including phaco tips and infusion sleeves, Medichel offers also a phaco cassette system. The DoubleX K (XXK) is a cassette system for the Series 20000® LEGACY® - a system for safe, clean and economical procedures.

Single-use cassette system (XXK)

- Fully compatible with all Series 20000® LEGACY® cataract systems from Alcon
- Unique total fluidics system which enables ultra-high vacuum techniques
- Absolutely leak-free system

SINGLE-USE ULTRA-HIGHVAC XXK CASSETTE SYSTEMS, STERILE

consisting of: 1 XXK ULTRA-HIGHVAC cassette, 1 I/A tubing set, 1 Administration set (with filter), 1 Tray support cover
