

For further internal circulation as appropriate

New iLane Operator Consoles for flat screens

Dear \$\$FirstName\$\$,

In the course of our continuous efforts to improve the Smiths Detection product portfolio and due to our customers' increasing demand for flat screen monitors in combination with X-ray systems, we would like to inform you about the availability of new operator consoles.

The new product series is part of the iLane product family and hence called "iLane Operator Consoles". They are available in various configurations that have been engineered to especially meet the challenging working conditions in security checkpoint environments.

iLane Operator Console features:

- iLane compatible sleek and ruggedized design
- Available in single and dual monitor configuration
- Compatible with existing systems that were previously used with ProLine Operator consoles

iLane Operator Consoles at a glance:

iLane Operator Console – HA (Height Adjustable)

- Continuously vertical height adjustable
- For sitting and standing positions and height levels in between
- Standard equipped with rollers
- One monitor version: 34450230
- Two monitor version: 34450229

iLane Operator Console – HA*

iLane Operator Console – RCHKs*

Accessories

- Roller castor add-on kit for versions BST & BSD: 34450305
- Lockable keyboard cover for versions HA, BST & BSD: 34450304
- Additional palm rest for versions HA, BST & BSD: 34450303

Delivery time upon order receipt is initially about 8 weeks.

iLane Operator Console – RCHKt*

For more pictures and information please find an overview presentation in [SCIO / Sales Support / CXS – Conventional X-ray](#). You can access the document directly by copying the asset title *Overview_iLane_Operator_Consoles* in your SCIO search bar.

ProLine components will be part of the product portfolio and available as long as CRT screens are manufactured. Further information on the transition from CRT to flat screens will be provided under separate cover.

Pricing information on the iLane Operator Consoles soon will be available from your sales partner.

Best regards,

Peter Arzbach
