

Performance A+ III Series

Power Supplies 450W / 550W / 650W / 750W / 850W

The 80+BRONZE certified Performance A+ III series, using the high standard of DC/DC technology, supplies increased efficiency and maximum electrical stability even during excessive gaming. Because of its modular cable system* (models with 550W and 650W only) the power supplies offer a built-to-order usability. This individual use of the cables supports an optimized air flow for each computer case and improve heat dissipation. Six integrated safety circuits provide an all-time safe operation and the sleeved main cable harness ensures order in the PC case.

*Also available without modular-cable management:

- XN082 550W | XP550R11
- XN084 650W | XP650R11
