description ;

Basic Information related with HP® universal toners ;

Pro M107+ Pro M102A+M203D + Ultra M106W and M402 are different technology and requires specifically designed toner, not use any universal toner for them

* Non-virgin cartridges ; It means the cartridge had more than one recycle , Especially wore out cartridges if there is a severe amount of damage at the blades , PCR and Magroller etc..

** %100 new cartridges ; We generalize as all types of modals like HP®1010 , 1505 , 2015 etc. New cartridges

our MASTERBUILD® HP® toner shows excellent performance in Chinese and non-virgin cartridges but not black as other 2 type
Our HP® MOON and HP® UNIVERSAL B -TDH67 toner is excellent in Oem cartridges also very good results in Chinese and non-virgin cartridges
Shortly both 3 main universal toners have got huge positive market response decision is yours
