OPTIONAL FEATURES & ACCESSORIES FOR PLUSEAL SERIES

PLUSEAL Series of rotary sealers and seal-cut machines may be equipped by a large number of accessories or optional features. All carts and accessories are made of AISI 304 quality stainless steel in metal parts and necessary silicone or plastic parts resistant to chemicals used or heat.

<u>**Optional Features**</u>

	15 mm. Seal Seam Width for RS 11	○	*322001*
	15 mm. Seal Seam Width for RS 14	○	*322002*
	15 mm. Seal Seam Width for RS 20 & RS 26	○	*322003*
	Increases the seal seam width of the sealers.		

NOTES: -

|			
	Additional Language (Exc. Standard Turkish & English) for RS 20 & RS 26	○	*322004*
	Adding a new language to existing options. Both printer and screen languages will be set as per new language defined.		

NOTES: Translations to be done by ordering authority when necessary.

|			
	Continuous Reversed Operation Flow (from Right to Left) for RS 11, RS 14, RS 20 & RS 26	○	*322005*
	Workflow direction of the sealer is altered to work from right to left.		

NOTES: -

	Printmaxx (Adding a Second Line by Adding a Second Printer) for RS 20 & RS 26	○	*322006*
	Adding an integrated drying tank to a standard ultrasonic cleaner for drying.		

NOTES: Valid only for models with available printer.

<u>**Accessories**</u>

	Stainless Steel Roll Tray for RS 11 & RS 14	○	*323002*
	Stainless Steel Roll Tray for RS 20 & RS 26	○	*323004*
	AISI 304 quality stainless steel roll tray for ease in movement of pouches to reduce applied force to belt gear and provide and angular support.		

NOTES: -

|			
	Roll Conveyor for RS 11 & RS 14	O	*323003*
	Roll Conveyor for RS 20 & RS 26	O	*323005*

AISI 304 quality stainless steel roll conveyor frame with easy to move ball bearing based rollers for ease in movement of pouches to reduce applied force to belt gear and provide and angular support.
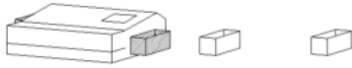

NOTES: -

	Roll Sorting Table for RS 30 & RS 36	O	*323009*

An adjustable width sorting table with angular support feet, to collect certain roll dimensions as set by seal-cut machines in an easy manner.

NOTES: It is strongly advised to have the related sorting table in order to prevent complicated operational flow.

	Rack Set of 2 Boxes & 1 Metal Box on the Two Sides	O	*323006*

Additional storage space on side of sealer for daily consumables and stationary.

NOTES: -

	QR Code Reader for RS 26 Including Software	O	*323007-1*

QR code reader hardware and software for operational ease.
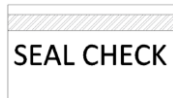

NOTES: -

	Barcode Code Reader for RS 20, RS 30 & RS 36 Including Software	O	*323007-2*

Barcode code reader hardware and software for operational ease.

NOTES: -

SEAL CHECK	Seal Check Test (250 pcs / Box)	O	*323008*

Test for daily validation and control purposes.

NOTES: Seal check test sheets can be used in other brands, if applicable, as well.

	Ink Ribbon	O	*324001*

A spare ink cartridge for replacement.
