ABOUT US

AKSAN KOZMETIK was established in Istanbul in 2008 with the aim of being an international power developing products in line with the needs of the consumers in the wet wipes sector under the DeepFresh brand. In the following years, other brands were added and become an international force as well like: COMFORT LOVE, ULTRA FRESH, HAPPY KINDER, SAVON DE ROYAL and BEBE ROYAL.

AKSAN KOZMETIK manufactures cosmetic, personal care, baby care products, household cleaning products and wet wipes under ISO and GMP quality standards in an integrated production facility of 30 thousand square meters in Arnavutköy-Istanbul - TURKEY. The firm exports 80% of its production capacity to various countries in 6 continents. The company is producing private label products for the leading brands and market chains in the sector. With its PET packaging and PP injection production lines, it meets the needs of its own plastic packaging and in the same time supplies the leading brands.

AKSAN KOZMETIK aims to be a leading company that is beneficial to the society, economy, country and environment. By providing the growing conditions to all employees, suppliers, business partners and customers; and by keeping the production of innovative products with the highest quality.

Benefits of Probiotics

- By regulating and strengthening the balance of microbiome, it eases sensitizing effect on the skin.
- Probiotics support the barrier function of the skin. It plays a role in making the skin more resistant to drying by strengthening the lipid barrier.
- Probiotics easily detect foreign microbes from outside and form a protective wall against potential threats.
- Probiotics do not harm the natural flora of the baby skin.
- Offers a unique combination with coconut's cellular viability enhancement and moisturizing properties of the probiotic.
- Vernix layer is a barrier that protects the baby's body temperature and protects it against the external factors and natural protection and care are provided thanks to the probiotics that aim to protect the varnish from chemicals.
- Natural moisturizer provides natural care and natural antimicrobial effect.

DeepFresh Probiotics Wet Wipes uses Veocel fabric which is produced from natural botanical fibers. Perfectly soft surface structure and superior moisture retention capacity allow you to gently clean your baby's delicate skin.

Purely for you

**Biodegradable
Fiber**

DeepFresh Probiotics wet wipes are 100% biodegradable in nature and contribute to a cleaner environment.
