

PRODUCT TERM OF USE

Franklin Electric (E-tech) declares that the standard warranty is 2 years from product delivery.

Franklin electric strictly recommends to follow the indications of maintenance and service indicated in the instruction manual supplied with the product.

The user manual contains important recommendations necessary for correct operation. The recommendations should be observed in order to guarantee the reliability, lifespan and to prevent accidents deriving from improper use.

The pump should not be used outside the limits described in the technical specifications.

It is necessary to observe the instructions regarding the nature, density, temperature and volume of the pumped liquid, rotation speed and direction, pressure and motor power as well as all the other instructions contained in the manual or the documentation attached to the contract.

The manufacturer declines all liability for any damage that may, directly or indirectly, be caused to people or things as a result of failure to observe all of the provisions indicated in the instructions manual provided and in particular the warnings concerning installation, use and maintenance of the electric pump or in conditions other than those specified on the data plate. The warranty of 2 years expires definitively in the case of negligence or incorrect use of the product.

Franklin Electric (E-tech) recommends a spare parts program for service and maintenance for the correct life cycle of the product for 15 years as follows:
