

ICEROSS® TRANSFEMORAL LOCKING LINER

Iceross Transfemoral Locking Liner is the first suspension liner exclusively designed to provide maximum stability and control for Transfemoral amputees.

With textile that has improved the adhesion by 25%, the fabric cover is extremely durable and allows radial stretch and comfortable elasticity.

Össur recommends that Iceross Transfemoral Locking Liner is used in conjunction with the Icelock® 200 Series.
