REACH SVHC DECLARATION

Dear Valued Customers,

Based on a diligent review of information provided by our raw material suppliers, Hankook Tire & Technology can report that our products and parts **do not contain** above the 0.1% weight (w/w) threshold of any Substance of Very High Concern (SVHC) on the European Chemicals Agency (ECHA) candidate list provided on the following page.

ECHA has added 8 substances to the SVHC list in 2025(see the table below). The SVHC list now contains 250 substances. These substances have subsequently been included in the Authorization List. Substances on authorization list cannot be placed on the market or used after a given date, unless an authorization is granted for their specific use, or the use is exempted from authorization.

Be assured that Hankook Tire will continue to monitor the REACH regulations for any new Substances of Very High Concern (SVHC) that may be included in subsequent ECHA candidate lists. Hankook Tire & Technology will compare any newly listed SVHC with the raw materials in our finished preparation / mixture product lines and communicate this information to our customers.

Respectfully,

Myoung Sun, Park
