

## RECOMMANDATION LETTER

Chisinau, Moldova, 26.03.2024

The following letter on behalf of: ***Solidarités International Paris Scursala Chsinau, Non-Governmental Organisation***, recommends:

**AXINT Management Group SRL**, construction company which SI had the opportunity to collaborate with, under the UNICEF-funded project in water, sanitation and hygiene activities (WASH).

Axint Management carried out several types of works and services, notably:

- Transportation, installation and connexion to septic tank or public water/sewage network of WASH containers (mobile latrine and shower box), especially in Palanca Border Crossing Points.
- Winterization works (insulation of the containers and the water/sewage network)
- Installation of generators and electrical connexion
- Light and medium school rehabilitation in elementary school and kindergarten in Balti and North region, of the water and sewage networks (including underground septic tanks).
- Assessment of works to undertake and drafting bills of quantities.

The works were carried out in compliance with the deadline and in accordance with the requirements with high quality.

We warmly recommend the Axint Management Group to any other institutions, authorities and non-governmental organization.

For ***Solidarités International***
