Full body CPR Manikin (46-3/4 in. long, weighs 20 lbs.) includes Child Airway Management Head. Offers realistic training and practice of child airway management and CPR education. Also includes Laryngospasms (manual) and Tongue Edema (manual). This basic airway management trainer may be gradually upgraded to the **Life/form®** Complete Child CRiSis™ or Deluxe Child CRiSis™ manikins by adding available modular components and the Interactive ECG Simulator (LF03670U). Hard carry case is available separately (LF03467U). Five-year warranty.
