- Administer endpoint security using Microsoft Defender
- Manage compliant devices and security policies
- Support software licensing management and license optimization
- Configure and maintain Windows workstations
- Administer printers, scanners, and peripheral devices
- Provide technical support for users, including hardware and software incident resolution
- Ensure IT service continuity during incidents
- IT Infrastructure & Networking
- Implement and maintain security controls for sensitive and confidential data
- Analyze and correlate security logs (network, systems, applications)
- Detect, prevent, and respond to security incidents
- Administer authentication mechanisms (MFA/2FA, access control policies)
- Protect against phishing, malware, and cyber threats
- Secure email communications and collaboration infrastructure

IT CONSULTANT – TECHNICAL SPECIFICATIONS FOR THE DEVELOPMENT OF THE REAL ESTATE PRICE REGISTER INFORMATION SYSTEM (SI RPBI) – WORLD BANK PROJECT "LAND REGISTRATION AND PROPERTY VALUATION PROJECT" – 01/06/2025 – 30/01/2026 – CHISINAU, MOLDOVA

Studying the legislation in force, international practices, and the specific needs of the domestic real estate market. Drafting the Technical Specifications for SI RPBI.

Describing the operational processes, workflows, and functionalities of SI RPBI:

- Defining requirements for SI RPBI interoperability with other systems and registers, both internal and external;
- Designing the overall system architecture, including main components, interfaces, and interaction with other systems;
- Identifying and recommending the best technological and technical solutions for SI RPBI development;
- Estimating the resources required for the functioning of SI RPBI;
- Estimating the development cost of SI RPBI.

Collaborating with AGCC and IP CBI subdivisions involved to ensure proper understanding of requirements and technical specifications.

Identifying potential risks and proposing mitigation measures.

IT CONSULTANT: DRAFTING THE TECHNICAL SPECIFICATIONS FOR THE DEVELOPMENT OF THE INFORMATION SYSTEM "ELECTRONIC REGISTER OF PUBLIC PROCUREMENT COMPLAINTS" – DEUTSCHE GESELLSCHAFT FÜR INTERNATIONALE ZUSAMMENARBEIT (GIZ) GMBH, GIZ MOLDOVA – 28/05/2025 – 30/10/2025 – CHISINAU, MOLDOVA

- Analyzing the current state of the system and assessing the level of compliance with cybersecurity requirements and international standards.
- Identifying vulnerabilities and risks associated with IT infrastructure, operational processes, and data flows.
- Drafting security requirements to protect the confidentiality, integrity, and availability of information.
- Defining mechanisms for access control, authentication, and user activity monitoring.
- Establishing requirements for cybersecurity resilience, backup, and business continuity (BCP/DRP).

- Drafting the Terms of Reference for the development of the information system.
- Defining functional requirements, adapted to internal processes and operational workflows.
- Establishing non-functional requirements (performance, scalability, availability).
- Designing the system's technical architecture and interoperability components
- Formulating recommendations for implementation and alignment with IT best practices and national/international regulations.

ADVISOR ON DIGITAL SOLUTIONS – DEXIS CONSULTING GROUP – 16/10/2023 – 15/05/2024 – CHISINAU, MOLDOVA

- Developed technical requirements and coordinated implementation phases for multiple information systems, applications, and national state registers, ensuring compliance with applicable regulations and streamlining business processes.
- Prepared public procurement documentation, including technical specifications/requirements and evaluation criteria, to support the selection of the most appropriate IT solutions aligned with strategic objectives.
- Collaborated with government institutions (ASP, MAI, SFS, STISC, AGE) to ensure interoperability and system integration, enabling efficient data exchange and optimizing public administration workflows.

ADVISOR ON DIGITAL SOLUTIONS IN ANTICORRUPTION AND INTEGRITY – DEUTSCHE GESELLSCHAFT FÜR INTERNATIONALE ZUSAMMENARBEIT (GIZ) GMBH, GIZ MOLDOVA – 15/08/2022 – 13/10/2023 – CHISINAU, MOLDOVA

- Implementation of project activities aimed at strengthening the capacity of key stakeholders in the effective prevention and combatting of corruption through the use of digital solutions (General Prosecutor's Office, Anti-Corruption Prosecutor's Office, PCCOCS, National Anticorruption Center, and the Agency for the Recovery of Criminal Assets).
- Development of operational requirements for the State Information System "Register of Seized and Confiscated Assets" to ensure effective monitoring and management of assets derived from illegal activities.
