Soundway Product Brochure
better breathing • better life

Founded in 2005, Ningbo Shengyurui (Soundway) Medical Appliances Co., Ltd. is the first enterprise to settle in Qianwan New District and specialized on R&D, production and sales of medical devices. Soundway covers an area of more than 53,000 square meters, with 3,000 square meters of 100,000 grade cleaning room, world-class production equipment and laboratories.

Soundway has passed the quality system as certification of ISO13485, MDSAP, CE and cGMP.

Our sales network is all over the country in China and are also mainly export to North America, South America, Europe, the Middle East, and Southeast Asia that overall more than 50 countries and regions.

Our vision is to be a comprehensive solutions provider in the respiration and anesthesia industry.

RESPIRATORY THERAPY

AEROSOL THERAPY

The Nebulizer is intended to spray liquid medication to fog panel by compressing air and deliver medication to people in the form of a small liquid particle inhaled into the lungs during breathing as well as absorbing oxygen for patients.

The Major purpose is to delivery of medications or humidity or both to the mucosa of the respiratory tract and pulmonary alveoli.

Agents delivered by aerosol therapy may act in a number of ways:

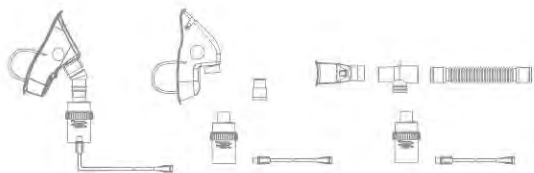

- To relieve spasm of the bronchial muscles and reduce edema of the mucous membranes
- To render bronchial more liquid and remove secretions more easily
- To humidify the respiratory tract
- To administer antibiotics by depositing them in the local respiratory tract

MMAD	Particle Deposition
5-10µm	Pharyngeal/Larynbeal
2-5µm	Tracheobronchical
0.5-2µm	Alveolar
< 0.5µm	Exhaled

Product Overview

EconNeb 2# 6ml nebulizer is an economic solution with fast and high efficient nebulization performance.

- Compatible with mask and in-line therapy
- Available with standard or universal ended tubing

2# 6ml small volume nebulizer

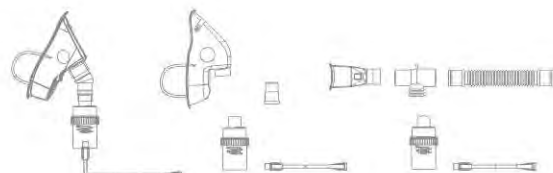

Order Information

Ref no.	Item Description	Case Qty
A0201	2# 6m Nebulizer Mask Kit, Adult, size XL, 2.1m oxygen tubing, No-crush, Standard connector	50
A0202	2# 6m Nebulizer Mask Kit, Adult standard, size L, 2.1m oxygen tubing, No-crush, Standard connector	50
A0203	2# 6m Nebulizer Mask Kit, Pediatric , size M, 2.1m oxygen tubing, No-crush, Standard connector	50
A0204	2# 6m Nebulizer Mask Kit, Infant, size S, 2.1m oxygen tubing, No-crush, Standard connector	50
A0297	2# 6m Nebulizer Mask Kit, Mask with no adaptor, Adult, size XL, 2.1m oxygen tubing, No-crush, Standard connector	50
A0279	2# 6ml Nebulizer Mask Kit, Mask with no adaptor, Adult Standard, size L, 2.1m oxygen tubing, No-crush, Standard connector	50
A0298	2# 6ml Nebulizer Mask Kit, Mask with no adaptor, Pediatric, size M, 2.1m oxygen tubing, No-crush, Standard connector	50
A0280	2# 6ml Nebulizer Mask Kit, Mask with no adaptor, Infant, size S, 2.1m oxygen tubing, No-crush, Standard connector	50
A0205	2# 6ml Nebulizer Mask Kit, Swivel Adult 2.1m oxygen tubing, No-crush, Standard connector	50
A0206	2# 6ml Nebulizer Mask Kit, Swivel Pediatric 2.1m oxygen tubing, No-crush, Standard connector	50
A0208	2# 6ml Nebulizer with T-piece, Tee w/ reservoir tubing, 2.1m oxygen tubing, No-crush, Standard connector	50
A0210	2# 6ml Nebulizer with T-piece, Angled Mouthpiece, 2.1m oxygen tubing, No-crush, Standard connector	50

Product Overview

EsyNeb nebulizer is a comprehensive solution that designed for tracheobronchial deposition for most clinical needs. Provides nebulization at angles up to 45' .

- Compatible with mask and in-line therapy
- Available with standard or universal ended tubing

4# 6ml small volume nebulizer

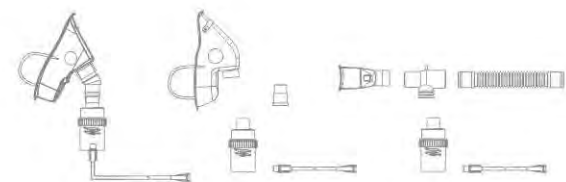

Order Information

Ref no.	Item Description	Case Qty
A0221	4# 6ml Nebulizer Mask Kit, Adult, size XL, 2.1m oxygen tubing, No-crush, Standard connector	50

A0296	4# 6ml Nebulizer Mask Kit, Neonate, size XS, 2.1m oxygen tubing, No-crush, Standard connector	50
A0225	4# 6ml Nebulizer Mask Kit, Swivel Adult 4.1m oxygen tubing, No-crush, Standard connector	50
A0226	4# 6ml Nebulizer Mask Kit, Swivel Pediatric 4.1m oxygen tubing, No-crush, Standard connector	50
A0228	4# 6ml Nebulizer with T-piece, Tee w/ reservoir tubing, 4.1m oxygen tubing, No-crush, Standard connector	50
A0230	4# 6ml Nebulizer with Angled Mouthpiece, 4.1m oxygen tubing, No-crush, Standard connector	50

Product Overview

EsyNeb group provide a special Alveoli type of nebulizer that delivery the particles to pulmonary alveoli

- Compatible with mask and in-line therapy
- Available with standard or universal ended tubing

Alveoli type 6ml nebulizer

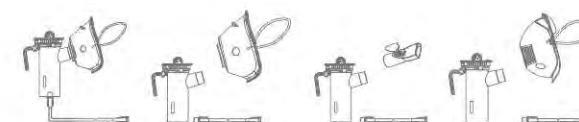

Order Information

Ref no.	Item Description	Case Qty
A7221	Alveoli type 6ml Nebulizer Mask Kit, Adult, size XL, 2.1m oxygen tubing, No-crush, Standard connector	50
A7222	Alveoli type 6ml Nebulizer Mask Kit, Adult standard, size L, 2.1m oxygen tubing, No-crush, Standard connector	50
A7223	Alveoli type 6ml Nebulizer Mask Kit, Pediatric , size M, 2.1m oxygen tubing, No-crush, Standard connector	50
A7224	Alveoli type 6ml Nebulizer Mask Kit, Infant, size S, 2.1m oxygen tubing, No-crush, Standard connector	50
A7295	Alveoli type 6ml Nebulizer with T-piece, Tee w/ reservoir tubing, 4.1m oxygen tubing, No-crush, Standard connector	50
A7297	Alveoli type 6ml Nebulizer with Angled Mouthpiece, 4.1m oxygen tubing, No-crush, Standard connector	50
A0288	Alveoli type 6ml Nebulizer closed system, Tee w/ reservoir w/ one way valve w/HEPA filter, Adult, 2.1m oxygen tubing, No-crush, Standard connector	50

Product Overview

MaxPlus 12# 7ml nebulizer provides a high efficiency solution for upper airway respiratory tract. And a baffle loop recycles the big particle mist to achieve lower residual volume and prevent medication waste.

- Silence operation
- Anti-opposition cap for quick fitting
- Compatible with mouthpiece or crosswise mask
- Available with standard or universal ended tubing

12# 7ml small volume nebulizer

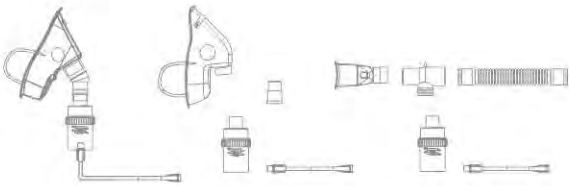

Order Information

Ref no.	Item Description	Case Qty
A0281	12# 7ml Nebulizer with mouthpiece, one-way valve, Adult, 2.1m oxygen tubing, No-crush, Standard connector	50
A0282	12# 7ml Nebulizer Mask Kit, Adult , 2.1m oxygen tubing, No-crush, Standard connector	50
A0283	12# 7ml Nebulizer Mask Kit, Pediatric, 2.1m oxygen tubing, No-crush, Standard connector	50
A0952	12# 7ml Nebulizer Mask Kit, Pediatric PVC free version, 2.1m oxygen tubing, No-crush, Standard connector	50
A0633	12# 7ml Nebulizer Mask Kit, Adult, Trach Mask with 15mm corrugated tubing, 2.1m oxygen tubing, No-crush, Standard connector	50
A0634	12# 7ml Nebulizer Mask Kit, Pediatric, Trach Mask with 15mm corrugated tubing, 2.1m oxygen tubing, No-crush, Standard connector	50

Product Overview

MaxMist 5# 10ml nebulizer is a high-efficiency nebulizer provide high rate output and dense particles. Integrated designed bottle for quick fitting.

- High Aerosol Output
- Quick Fitting
- Compatible with mask and in-line therapy
- Available with standard or universal ended tubing

5# 10ml nebulizer

Recommended Flow	Recommended Flow	Recommended Flow	Recommended Flow
3~6 liters per minute	6~8 liters per minute	4~12 liters per minute	6~10 liters per minute

Oxygen Therapy Application

Soundway provides comprehensive portfolio of oxygen delivery products to patients with breathing difficulties who needs acute & chronical oxygen supply with maximum flow rate up to 15 liters per minute and oxygen coucentration level up to 100% in hospital,pre-hospital or home environment.Soundway also provides a range of Bubble Humidifiers which are designed to add humidity to inspired gas with flow rates over 4 liters per minute to avoid the respiratory mucosa irritation.

Product Overview

Soundway Provides variety of standard nasal cannula to cater for a wide range of patient preferences.

- Flexible lip tab
- Star lumen oxygen supply tubing for non-crush and kink resistance
- Latex free and Phthalate free
- Tubing available with universal and standard connector
- Over the ear designed Lariat
- Provide different length of tubing

Standard Nasal Cannula

Order Information

Ref no.	Item Description	Case Qty
C0201	Standard nasal cannula with standard lariat, adult, 7ft oxygen tubing, No-crush, Standard connector	50
C0202	Standard nasal cannula with standard lariat, Pediatric, 7ft oxygen tubing, No-crush, Standard connector	50
C0203	Standard nasal cannula with standard lariat, Infant, 7ft oxygen tubing, No-crush, Standard connector	50
C0248	Standard nasal cannula with standard lariat, Neonate, 7ft oxygen tubing, No-crush, Standard connector	50
C0249	Standard nasal cannula with standard lariat, Preemie, 7ft oxygen tubing, No-crush, Standard connector	50

Product Overview

Exception soft material with dipping technology to maximize patient conform for long term oxygen therapy.

- Soft nasal prong for maximum patient comfort
- Latex free and Phthalate free
- Tubing available with universal and standard connector
- Over the ear designed Lariat
- Provide different length of tubing

Softplus Nasal Cannula

Order Information

Ref no.	Item Description	Case Qty
C0205	Softplus nasal cannula with standard lariat, adult, 7ft oxygen tubing, No-crush, Standard connector	50
C0206	Softplus nasal cannula with standard lariat, Pediatric, 7ft oxygen tubing, No-crush, Standard connector	50
C0207	Softplus nasal cannula with standard lariat, Infant, 7ft oxygen tubing, No-crush, Standard connector	50
C0208	Softplus nasal cannula with standard lariat, Neonate, 7ft oxygen tubing, No-crush, Standard connector	50
C0235	Softplus nasal cannula with soft lariat, adult, 7ft oxygen tubing, Standard connector	50
C0236	Softplus nasal cannula with soft lariat, Pediatric, 7ft oxygen tubing, Standard connector	50
C0237	Softplus nasal cannula with soft lariat, Infant, 7ft oxygen tubing, Standard connector	50
C0238	Softplus nasal cannula with soft lariat, Neonate, 7ft oxygen tubing, Standard connector	50

Product overview

- Latex free and Phthalate free
- Adjustable nose clip, elastic strap
- Provide different length of tubing
- **Tubing** available with Universal all and standard connector

Medium concentration oxygen mask

Order Information

Ref no.	Item Description	Case Qty
A0101	Adult, Size XL, Medium oxygen concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0102	Adult, Size L, Medium oxygen concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0103	Pediatric, Size M, Medium oxygen concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0104	Infant, Size S, Medium oxygen concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50

Product overview

- Latex free and Phthalate free
- Adjustable nose clip, elastic strap
- Provide different length of tubing
- **Tubing** available with Universal all and standard connector
- Reservoir bag with 1000ml and 600ml

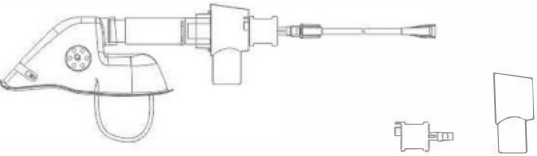

High concentration oxygen mask with reservoir bag

Order Information

Ref no.	Item Description	Case Qty
A0301	Adult, Size XL, Non-Rebreathe oxygen concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0302	Adult, Size L, Non-Rebreathe concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0303	Pediatric, Size M, Non-Rebreathe concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0304	Infant, Size S, Non-Rebreathe concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0305	Adult, Size XL, Rebreathe oxygen concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0306	Adult, Size L, Rebreathe concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0307	Pediatric, Size M, Rebreathe concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0308	Infant, Size S, Rebreathe concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0309	Adult, Size XL, 3 in 1 Rebreathe concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0310	Adult, Size L, 3 in 1 Rebreathe concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0311	Pediatric, Size M, 3 in 1 Rebreathe concentration mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0312	Infant, Size S, 3 in 1 Rebreathe mask with 2.1m oxygen tubing, No-crush, Standard connector	50

Product overview

- Latex free and Phthalate free
- Adjustable nose clip, elastic strap
- Provide different length of tubing
- Tubing available with universal and standard connector

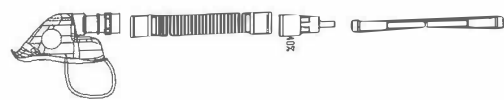

Adjustable Venturi mask

Order Information

Ref no.	Item Description	Case Qty
A0509	Adult, Size XL, Adjustable venturi mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0510	Adult, Size L, Adjustable venturi mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0511	Pediatric, Size M, Adjustable venturi mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0512	Infant, Size S, Adjustable venturi mask with 2.1m oxygen tubing, No-crush, Standard connector	50

Product overview

- Latex free and Phthalate free
- Adjustable nose clip, elastic strap
- Provide different length of tubing
- Tubing Available with Universal and standard connector

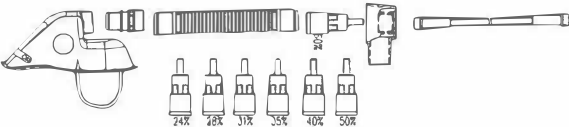

Multi-Vent Venturi mask

Order Information

Ref no.	Item Description	Case Qty
A0401	Adult, Size XL, Multi-Vent oxygen mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0402	Adult, Size L, Multi-Vent oxygen mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0403	Pediatric, Size M, Multi-Vent oxygen mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0404	Infant, Size S, Multi-Vent oxygen mask with 2.1m oxygen tubing, No-crush, Standard connector	50

Product Overview

- Latex free and Phthalate free
- Adjustable nose clip, elastic strap
- Provide different length of tubing
- Tubing available with universal and standard connector

Colour	Flow Rate(LPM)	Oxygen Concentration
Blue	4	24%
White	4	28%
Orange	6	31%

Fixed Venturi mask

Order Information

Ref no.	Item Description	Case Qty
A0505	Adult, Size XL, Fixed 7-diluter venturi mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0506	Adult, Size L, Fixed 7-diluter venturi mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0507	Pediatric, Size M, Fixed 7-diluter venturi mask with 2.1m oxygen tubing, No-crush, Standard connector	50
A0508	Infant, Size S, Fixed 7-diluter venturi mask with 2.1m oxygen tubing, No-crush, Standard connector	50

Product Overview

- Latex free and Phthalate free
- Adjustable nose clip, elastic strap
- Provide different length of tubing
- Tubing available with universal and standard connector
- Available with push-button strap

Tracheostomy mask

Order Information

Ref no.	Item Description	Case Qty
A0601	Adult, Tracheostomy mask with Oxygen /Aerosol connector, Mask only	50
A0602	Pediatric, Tracheostomy mask with Oxygen /Aerosol connector, Mask only	50
A0603	Adult, Tracheostomy mask with 2.1m Oxygen tubing, No-crush, Standard connector	50
A0604	Pediatric, Tracheostomy mask with 2.1m Oxygen tubing, No-crush, Standard connector	50

Face tent mask

Order Information

Ref no.	Item Description	Case Qty
A0107	Face tent mask with 18mm connector, mask only, Adult	50
A0109	Face tent mask with 5mm*2m oxygen tubing, Adult	50

Product Overview

The Hyperbaric Oxygen Chamber Venturi Mask is used to administer medical gases to a patient during oxygen therapy.

Hyperbaric Oxygen Chamber Venturi Mask

Order Information

Ref no.	Item Description	Case Qty
A0151	Adult, Hyperbaric Oxygen Chamber Venturi Mask with 22ID /2m corrugated Tubing	50
A0152	Pediatric, Hyperbaric Oxygen Chamber Venturi Mask with 22ID /2m corrugated Tubing	50
A0153	Infant, Hyperbaric Oxygen Chamber Venturi Mask with 22ID /2m corrugated Tubing	50

Product Overview

- Bubble humidifier with screw connection connect with flow meter
- Provide very small gas bubbles that maximize the surface area,
- providing increased humidification with a low noise level, reducing patient disruption.
- Pressure relief valve automatically opens at 6psi should the outlet line become occluded.

Bubble Humidifer

Order Information

	Item Description	Case Qty
A0405	Bubble Humidifier with screw connector, 260ml	50

Product Overview

- Non-bubble design, provide more silence environment operation for patient.
- High humidity output
- Pressure relief valve antomatically opens at 6psi should the outlet line become occluded.

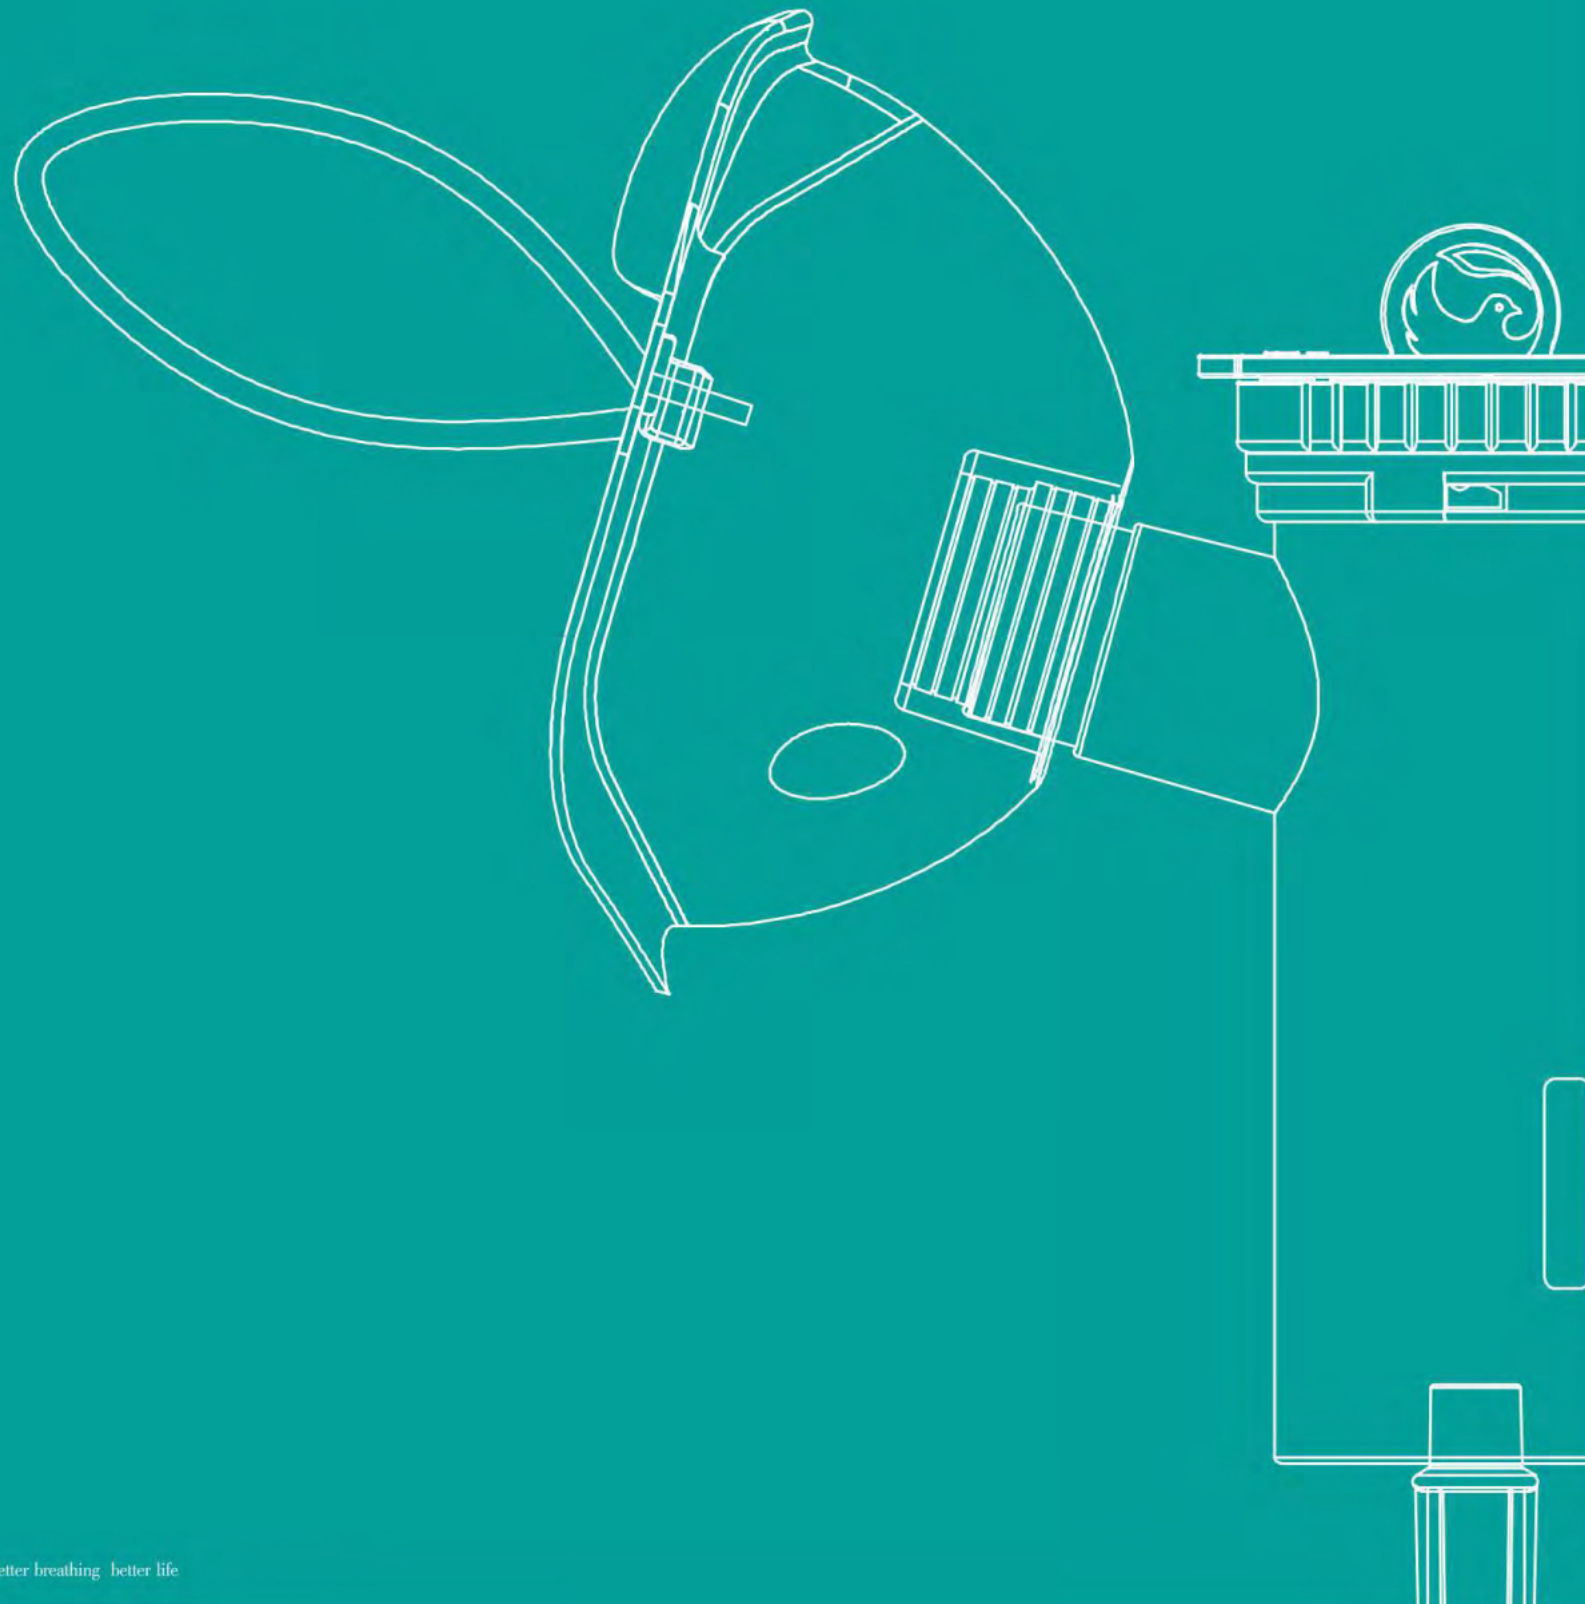

Non-Bubble Humidifer

Order Information

Ref no.	Item Description	Case Qty
A0406	Bubble Humidifier 130ml	50
A0407	Bubble Humidifier 230ml	50
A0408	Bubble Humidifier 330ml	50

RESPIRATORY THERAPY

O2 Plus PVC free Mask Kits

Product Overview

O2 Plus PVC free mask designed with more soft cushion mask for patient comfort, and reduced possible environment impact in use of Non-PVC material as utilization of alternative materials resulted in the elimination of PVC.

- Softer Cushion
- Curved Nose Seal
- Standard or Elongated chin cushion with superior fit
- Available with universal and standard connector tubing

Product Overview

Ergonomically designed PVC free mask provide comfort and better sealing.

Multi-vent Venturi mask

Fixed 7-diluter Venturi mask

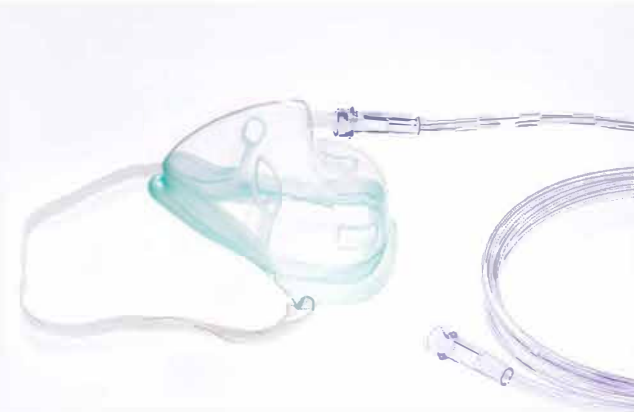

- Soft er Cushion
- Curved Nose Seal
- Standard or Elongated chin cushion of superior fit
- Tubin available with universal and standard connector

Venturi Mask Kits

Order Information

Ref no.	Item Description	Case Qty
A0939	Adult(Standard), Multi-vent Venturi PVC free Mask kit with 2.1m tube, No-crush, Standard connector	30
A0938	Pediatric, Multi-vent Venturi PVC free Mask kit with 2.1m tube, No-crush, Standard connector	30
A0945	Adult(Elongated), Multi-vent Venturi PVC free Mask kit with 2.1m tube, No-crush, Standard connector	30
A0947	Adult(Standard), Fixed 7-diluter Venturi PVC free Mask kit with 2.1m tube, No-crush, Standard connector	30
A0946	Pediatric, Fixed 7-diluter Venturi PVC free Mask kit with 2.1m tube, No-crush, Standard connector	30
A0948	Adult(Elongated), Fixed 7-diluter Venturi PVC free Mask kit with 2.1m tube, No-crush, Standard connector	30

Product Overview

Oxygen Mask Kits

Order Information

Ref no.	Item Description	Case Qty
A0901	Adult(Standard) , medium concentration PVC free mask only	30
A0903	Pediatric, medium concentration PVC free mask only	30
A0941	Adult(Elongated) , medium concentration PVC free mask only	30
A0902	Adult(Standard), medium concentration PVC free mask, 2.1m tube (PVC tube), No-crush, Standard connector	30
A0904	Pediatric, medium concentration PVC free mask, 2.1m tube (PVC tube), No-crush, Standard connector	30
A0942	Adult(Elongated), medium concentration PVC free mask, 2.1m tube (PVC tube), No-crush, Standard connector	30

Product Overview

Ergonomically designed PVC free mask provide comfort and better sealing.

- Softer Cushion
- Curved Nose Seal
- Standard or Elongated chin cushion of superior fit
- Tubing. available with universal and standard connector

Oxygen Mask with Reservoir Bag

Order Information

Ref no.	Item Description	Case Qty
A0909	Adult(Elongated), High concentration PVC free mask, non-rebreathe, 2 side valves, with 2.1m tube and bag (PVC tube, bag PVC free), Nocrush, Standard connector	30

Product Overview

Ergonomically designed PVC free mask provide comfort and better sealing.

- Softer Cushion
- Curved Nose Seal
- Standard or Elongated chin cushion of superior fit
- Tubing available with fits all and standard connector

Ventilation Therapy

NIV Mask

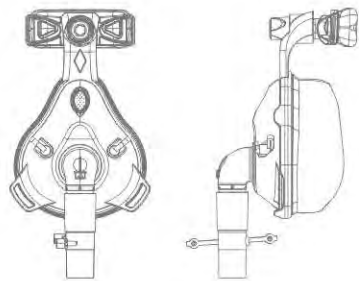

Product Overview

Soundway Non-Invasive Ventilation mask provide the delivery system with maximum comfort and seal used to receive the air stream generated by the CPAP or BiPAP Ventilator (Respirator) system.

- Adjustable forehead support
- Silicone pad with hollow design
- Integrated air seal cushion
- Swivel elbow
- Comfortable adjustable headband
- Easy gas port

Product Overview

B0983	Adult, 2.4m Smoothbore tubing, single limb ventilation circuit, 22mm connector	25
B0984	Adult, 3.0m Smoothbore tubing, single limb ventilation circuit, 22mm connector	25
B0985	Pediatric, 1.8m Smoothbore tubing, single limb ventilation circuit, 15mm connector	25
B0986	Pediatric, 2.4m Smoothbore tubing, single limb ventilation circuit, 15mm connector	25
B0987	Pediatric, 3.0m Smoothbore tubing, single limb ventilation circuit, 15mm connector	25

Ventilation Breathing Circuit

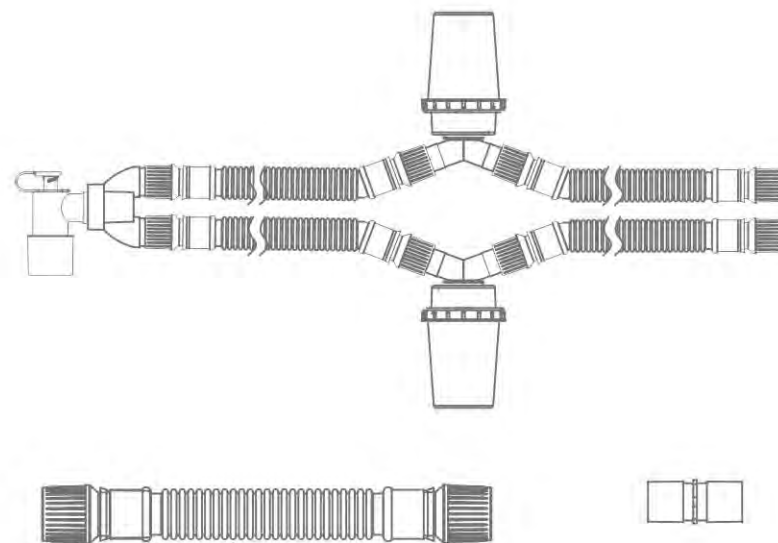

Product Overview

Soundway provide a wide range of breathing circuit available in different lengths and configurations to connect with different ventilators. Providing different tubing types of corrugated, expended and smoothbore tubing for adult and pediatric patients.

- Soft tubing, anti-bending, transparent
- Biocompatible material deduce possible allergy
- Standard connector meet ISO standard
- Available with water trap, catheter mount and different connectors
- Can be connected with Soundway NIV masks

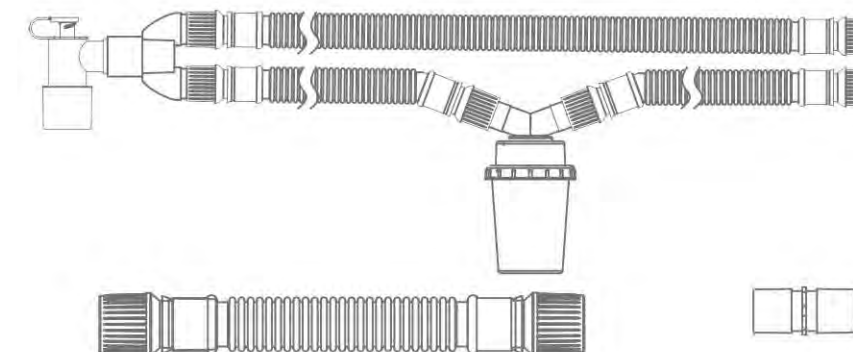

Dual limb with extra limb, 2 water traps

Order Information

Ref no.	Item Description	Case Qty
B0702	Adult, 1.8m Corrugated dual limb Breathing Circuit with 2 water trap, with 0.6m extra limb	20
B0732	Pediatric, 1.5m Corrugated dual limb Breathing Circuit with 2 water trap, with 0.6m extra limb	20
B0752	Neonate, 1.5m Corrugated dual limb Breathing Circuit with 2 water trap, with 0.6m extra limb	20
B0902	Adult, 1.8m Smoothbore dual limb Breathing Circuit with 2 water trap, with 0.6m extra limb	20
B0932	Pediatric, 1.5m Smoothbore dual limb Breathing Circuit with 2 water trap, with 0.6m extra limb	20

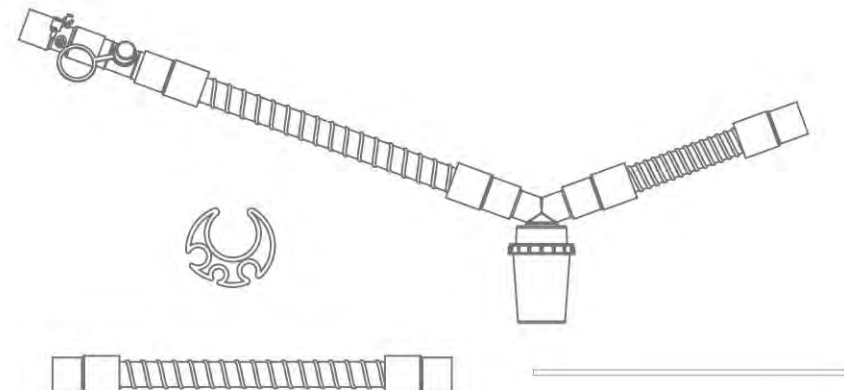

Dual limb with extra limb, 1 water traps

Order Information

Ref no.	Item Description	Case Qty
B0712	Adult 1.8m, Corrugated tubing, Y connector with ports, CO2 ported elbow, single Water Trap, with 0.6m limb	20
B0742	Pediatric 1.5m, Corrugated tubing, Y connector with ports, CO2 ported elbow, single Water Trap, with 0.6m limb	20
B0762	Neonate 1.5m, Corrugated tubing, Y connector with ports, CO2 ported elbow, single Water Trap, with 0.6m limb	20
B0912	Adult 1.8m, Smoothbore tubing, Y connector with ports, CO2 ported elbow, single Water Trap, with 0.6m limb	20
B0942	Pediatric 1.5m, Smoothbore tubing, Y connector with ports, CO2 ported elbow, single Water Trap, with 0.6m limb	20

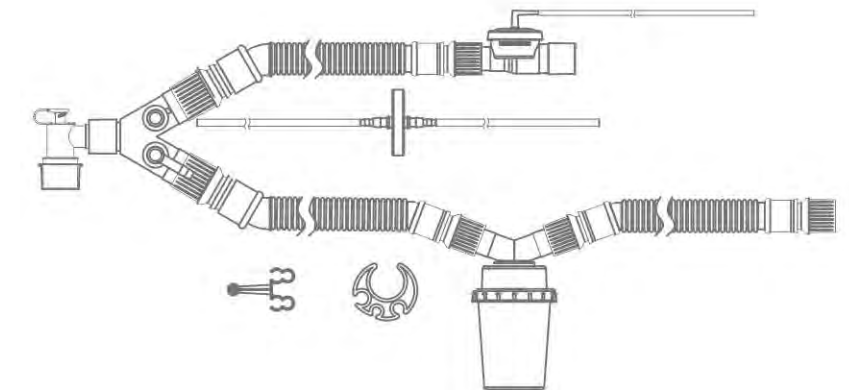

Single limb with 1 water traps

Order Information

Ref no.	Item Description	Case Qty
B1722	Adult 1.8m, Corrugated tubing, CO2 ported elbow, single water trap with 3m Gas Sampling Line and 0.6m limb	20
B1732	Pediatric 1.5m, Corrugated tubing, CO2 ported elbow, single water trap with 3m Gas Sampling Line and 0.6m limb	20
B1742	Neonate 1.5m, Corrugated tubing, CO2 ported elbow, single water trap with 3m Gas Sampling Line and 0.6m limb	20
B0917	Adult 1.8m, Smoothbore tubing, CO2 ported elbow, single water trap with 3m Gas Sampling Line and 0.6m limb	20
B0923	Pediatric 1.5m, Smoothbore tubing, CO2 ported elbow, single water trap with 3m Gas Sampling Line and 0.6m limb	20

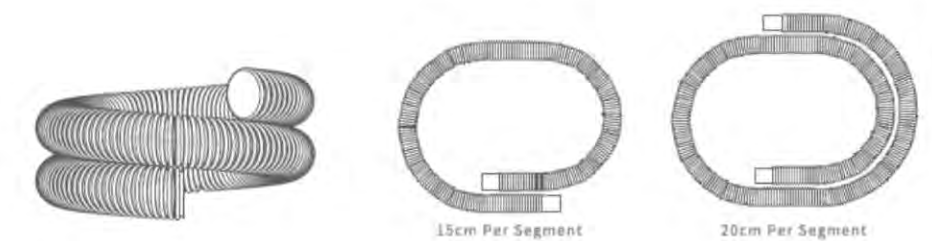

J-Circuit single limb with 2 way manifold

Order Information

Ref no.	Item Description	Case Qty
B1001	1.5m J-circuit, Corrugated single limb for adult, Y connector with ports, 2 way-valve, 1.8m pressure line, 1.5m sampling line, hydrophobic filter	20
B1002	1.5m J-circuit, Corrugated single limb for pediatric, Y connector with ports, 2 way-valve, 1.8m pressure line, 1.5m sampling line, hydrophobic filter	20

Aerosol tubing, segment roll

Order Information

Ref no.	Item Description	Case Qty
A0262	1.8m segment roll, 15cm per segment	50
A0263	30.5m segment roll, 15cm per segment	1

Precision Anesthesia

Anesthesia Breathing Circuit

Anesthesia breathing system is defined as an assembly of components which connects the patient's airway to the anesthetic machine creating an artificial atmosphere, from and into which the patient breathes. It consists of various combinations of interfaces, enabling the delivery of gases to the patients in a consistent and highly regulated manner.

- Soft tubing, anti-bending, transparent
- Biocompatible material reduce possible allergy
- Standard connector meet ISO standard
- Available with extended or corrugated tubing

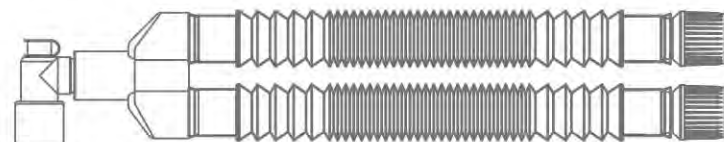

Collapsible tubing

Smoothbore tubing

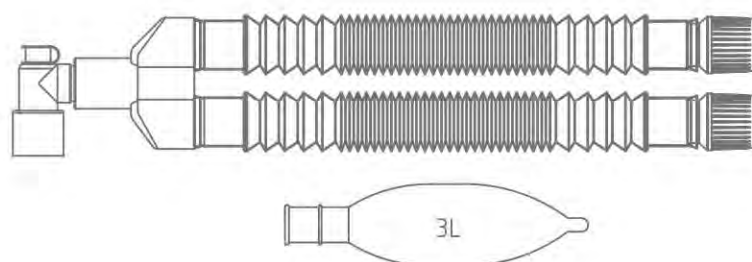

Corrugated tubing

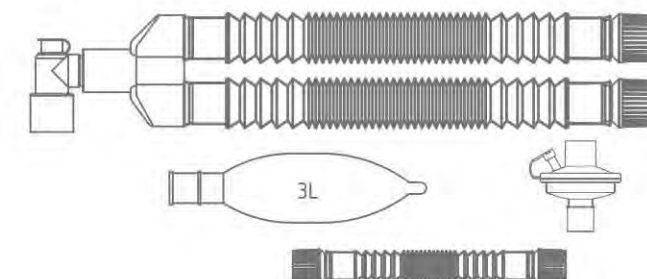

Order Information

Ref no.	Item Description	Case Qty
B0201	1.8m, Adult, Collapsible tubing, Y connector without port, CO2 Ported elbow	20
B0223	1.5m, Pediatric, Collapsible tubing, Y connector without port, CO2 Ported elbow	20
B0101	1.8m, Adult, Corrugated tubing, Y connector without port, CO2 Ported elbow	20
B0131	1.5m, Pediatric, Corrugated tubing, Y connector without port, CO2 Ported elbow	20
B0151	1.5m, Neonate, Corrugated tubing, Y connector without port, CO2 Ported elbow	20

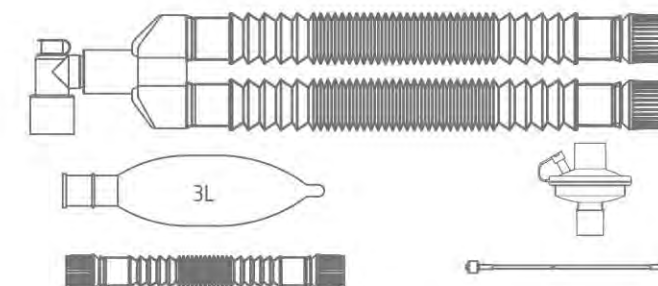

Order Information

Ref no.	Item Description	Case Qty
B0202	1.8m Collapsible tubing, Adult Y connector with ports, CO2 Ported elbow, 3LT Latex Free Breathing Bag	20
B0224	1.5m Collapsible tubing, Pediatric Y connector with ports, CO2 Ported elbow, 1LT Latex Free Breathing Bag	20
B0102	1.8m Corrugated tubing, Adult Y connector with ports, CO2 Ported elbow, 3LT Latex Free Breathing Bag	20
B0132	1.5m Corrugated tubing, Pediatric Y connector with ports, CO2 Ported elbow, 1LT Latex Free Breathing Bag	20
B0153	1.5m Corrugated tubing, Neonate Y connector with ports, CO2 Ported elbow, 0.5 LT Latex Free Breathing Bag	20

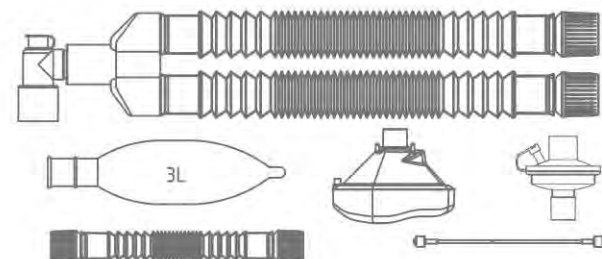

Order Information

Ref no.	Item Description	Case Qty
B0204	1.8m Collapsible tubing, Adult Y connector with ports, CO2 Ported elbow, 0,6m Limb, 3LT Latex Free Breathing Bag, BV Filter	20

Product Overview

AnesFlex II inflatable anesthesia mask provide good seal, soft and lightweight cushion provide maximized comfort for patient.

- Thumb notch cup for easy grip
- High transparency for good visibility
- #0 Silicone mask for premature
- 7 Sizes w/color-coded hook rings
- Child-friendly scents cushion available
- MRI Compatible version available
- Compatible with ISO 5336-1 and ISO 10993

Product Overview

AnesEasy II non-inflatable and PVC free anesthesia mask for better softness and airtight fit.

- PVC free and Latex free
- Color coded cuff cushion
- Anatomical shape to cover wide ranges of face sizes
- Transparent face cup
- Compatible with ISO 5356-1

Carbon Dioxide Monitoring

Co₂ Sampling Nasal Cannula
O₂/CO₂ Nasal Cannula
O₂/CO₂ Mask
Gas Sampling Line

Introduction

Capno Fit sampling product is a sidestream gas analyzers interface, to monitor every breath of a non- intubated patient by sampling the exhaled carbondioxide or other exhaled gases. Utilize a long sampling tube connected to a nasal cannula, mask connector or an adaptor in the breathing circuit.

Clinical Application

- Pain Clinics
- Intensive Care Units
- Post Anesthesia Care Units
- Endoscopy Units
- Operating Rooms
- Sleep Apnea Clinics
- Emergency Ambulances
- Labor and Delivery Units
- Used as an O₂ Source only

Product Overview

- For CO2 sampling during spontaneous breathing without O2 delivery
- Super softer Lariat tubing
- Optional hydrophobic filter

Co2 Sampling Cannula

Order Information

Ref no.	Item Description	Case Qty
C0320	Co ₂ Sampling Nasal Cannula with 7ft. Tubing, with Male connector	50
C0321	Co ₂ Sampling Nasal Cannula with 7ft. Tubing, with Male connector	50
C0322	Co ₂ Sampling Nasal Cannula with 7ft. Tubing, with Male connector	50

Product Overview

- Divided super soft nasal prong undiluted exhale CO2 Gas sampling with simultaneous insufflation of O2 or gaseous analgesia
- Star lumen lariat tubing
- Co-extruded connecting tubing
- Optional hydrophobic filter

CO2/O2 Nasal Cannula

Order Information

Ref no.	Item Description	Case Qty
C0307	Adult, O ₂ /CO ₂ Nasal Cannula with 7ft. Tubing with standard connector, with Male connector	50
C0313	Pediatric, O ₂ /CO ₂ Nasal Cannula with 7ft. Tubing with standard connector, with Male connector	50
C0319	Infant, O ₂ /CO ₂ Nasal Cannula with 7ft. Tubing with standard connector, with Male connector	50
C0330	Adult, O ₂ /CO ₂ Nasal Cannula (Oral and Nasal type) with 7ft. Tubing with standard connector, with Male connector, Hydrophobic Filconnector, Hydrophobic Filter, Female luer adaptor	50

Product Overview

- A device ideal for patient convert to mouth breathing
- Incorporate a bevel tip in the dome of mask
- transparent and clear mask
- Co-extruded connecting tubing
- Optional hydrophobic filter

CO₂/O₂ Mask

Order Information

Ref no.	Item Description	Case Qty
C0301	Large Adult, O ₂ /CO ₂ Mask with 7ft. Tubing with standard connector, with Male luer connector	50
C0302	Small Adult, O ₂ /CO ₂ Mask with 7ft. Tubing standard connector, with Male luer connector	50
C0303	Pediatric, O ₂ /CO ₂ Mask with 7ft. Tubing standard connector, with Male luer connector	50

Product Overview

- Standard sampling line with male or female luer connector
- Optional hydrophobic filter
- Co-extruded PVC/PE sampling line available

Sampling Line

Order Information

Ref no.	Item Description	Case Qty
C0324	Co ₂ Sampling Line with 7ft. tubing Male and Female luer connector	50
C0325	Co ₂ Sampling Line with 10ft. tubing Male and Female luer connector	50
C0327	Co ₂ Sampling Line with 7ft. tubing Male*2 luer connector	50
