

Anesthesia Cart

TECHNICAL SPECIFICATION DATA SHEET

VOGN CS-EC Emergency Cart comes to emergency departments with a different perspective with its sharp design and ease of use. In addition to its reliable performance, it is also helping hospital staff with its fast work flow and improved features.

The Emergency trolley is made entirely of metal body construction and epoxy powder coats using nano-technology. Drawers made by high quality HPL and top plate made by high quality ABS with perimeter edges. It provides maximum security thanks to its unique detachable locking arm and provides easy access in emergency interventions.

With the help of 12.5 cm diameter wheels, it provides stable, fearless and easy maneuvers.

Emergency Cart comes with 5 drawers. These drawers have in the 3-type depth and sizes. One big, two medium and two small.

All drawers can be locked easily with just one single key lock. With this lock system enhances work efficiency and prevents any drawer from being left unlocked by accidentally.
