# ARCTIK® ULUF P90

true cooling specialists

### ULTRA LOW TEMPERATURE I BENCHTOP / UNDERCOUNTER FREEZER

Highly reliable compact ULT freezer with a space-saving design and low GWP due to natural refrigerant.

# **▶ RELIABLE FREEZING**

The single compressor technology provides reliable low-temperature freezing and high temperature uniformity.

The freezer can reach -86 °C with only one compressor because of the absolutely unique single compressor technology. With the direct cooling, you can successfully achieve maximum temperature uniformity and minimum recovery time.

All in all, outstanding cooling performance and ultra low GWP (Global Warming potential) due to the Natural Refrigerant.

# JUNE P90.

NATURAL REFRIGERANT

# **▶** ONE OF A KIND

This compact ULUF P90 undercounter/benchtop model is the ideal solution for the smaller lab with limited floor space. It can store up to 500 samples, still maintaining a small footprint and reduced energy consumption, which saves money in operational costs.

The models are developed for demanding standards that need a precise and uniform temperature environment - ideal freezers for storage of DNA, RNA and other biological samples.

# **ENERGY EFFICIENCY**

The compact space-saving cabinet design guarantees a reduced footprint because of the Arctiko's specifically developed vacuum insulated panels, optimizing the freezer to increase energy efficiency and cooling performance.

The vacuum insulated panels are of a high-efficient quality that secures the lowest possible energy consumption. VIP panels combined with Arctiko's state-of-the-art single compressor technology provide a safe and high-quality ULT freezer.

SINGLE COMPRESSOR SYSTEM

VACUUM INSULATED PANELS

NOISE REDUCTION TECHNOLOGY

AIRFLOW CONTROL

FILTERLESS CONSTRUCTION

NATURAL REFRIGERANT

It includes a well-utilized inner compartment with room for up to 6000 samples. Its interior is made of the highly durable and robust stainless steel type AISI 304 for high sample safety and easy cleaning.

The unit is equipped with our brand new user-friendly 5" V500 controller that comes with the self-diagnostic test and ECO-mode reducing energy consumption while maintaining optimum temperature uniformity for the stored materials.

The Arctiko OneGrip™ handle is designed and developed for easy and ergonomic use. Daily operational routines can be performed with a smooth and easy one-handed door opening and closing experience.

true cooling specialists

## **▲ IMPROVED RECOVERY TIMES**

Pull-down times measures the time taken for temperature to rise, the faster the better. Hold over indication the freezers ability to keep the samples safe.

The ARCTIKO Integraline ULUF P90 Model supports following optional features:

- Modbus adapter for V500 controller
- Temperature chart recorder (external mounting)
- GSM alarm module
- Voltage converter
- Voltage stabilizer
- Racks & boxes
- Cryo gloves

	MODEL	ULUF P90
Main specifications	Item code	DAI 1830
	Temperature range (°C)	-25 / -86
	Max. ambient temperature (*C)	25
	Capacity (L)	88
	Exterior dimensions WxDxH (mm)	937x778x836
	Interior dimensions WxDxH (mm)	637x443x307
	Weight (KG)	97
		120
	Insulation (mm)	
	Cooling technology	single system / static  V500 / PT100
	Controller model / probe type	230
Power	Power supply (V) Frequency (Hz)	50/60
	Power consumption (kWh/24h)	7,0
	AMP (A)	4,0
	Power (Watt)	550
	Horse power (HP)	5/8
