EMPLOYMENT HISTORY

React Developer at Backstage, Chisinau
December 2021 — Present

Creation and Implementation of the UI components into the platform. Building components for a Storybook and creating variations of the same components for different scenarios.

WordPress & React Developer at Best4you International, Chisinau
May 2021 — December 2021

Creating and maintaining WordPress sites using integrated Gutenberg page builder. Creating themes and blocks from scratch using React Framework from WordPress core.

Site optimization for better SEO performance and User side rendering.

Technical Support Engineer at Extole, Chisinau, Moldova
September 2019 — March 2021

- Managing Clients profile in the company platform
- Fixing minor issues (CSS, JavaScript)
- Making pull requests for company product issues
- Investigation client metrics
- Configuring and implementing custom API endpoints
- Continuous Testing
- Building custom pages

Technical Support Engineer and Web Development at FloThemes, Chisinau, Moldova
August 2016 — September 2019

Working in two departments at the same time.

Technical Support Engineer:

- Client Communication and Issue Troubleshooting
- Setup Hosting environment for the further site-building process

Web Development:

- Products bug fixing and publishing new product versions in production (PHP, Laravel, jQuery, Sass, WebPack)
- WordPress plugin development (PHP, jQuery)
- Working with external APIs (Instagram, Vimeo, Youtube)
- Preparing assets for new products (Figma & Sketch)

Projects I worked on:

- https://www.indiaearl.com/

- https://flothemes.com/meet-flo-social/

Web Developer at Cherry Digital Agency, Chisinau, Moldova
February 2016 — July 2016

I was the first person recruited in this company. I was involved in many Interviews and tried to build an awesome Project development team, including Designers and Developers.

- Building Multiple projects from scratch or using WordPress
- Assisting on client meetings in order to understand the project idea and explain it better to the Designers and Developers team.

Projects I worked on:

- https://vitalieburlacu.md/

- https://cherrydigitalagency.com/

Web Developer at NRGThemes, Chisinau, Moldova
December 2015 — February 2016

This was a temporary job due to the Company "benefits"

- Fixing minor issues in developed WordPress themes (CSS and JavaScript)
- Assisting Support Team in Client Communication issues (complicated situations)
- Building Sites using WordPress builder plugins per Clients provided Design.

Technical Support Engineer at CosmoThemes, Chisinau, Moldova
January 2015 — December 2015

- Client Communication
- Managing and processing customer orders
- Walking customers through solutions in building their projects
- Debugging and fixing issues (Styling, Site crashes, Hosting setup)

Project I worked on - https://cosmothemes.com/

🎓 EDUCATION

Gaudeamus, Chisinau, Moldova
September 2010 — May 2015

Information Technology, Moldova State University
