To Whom It May Concern:

Our company would like to extend a great thank you to Alex Casianov and Winnice Mołdawii for organizing a wine presentation and tasting for our customers and partners.

The event took place at our P & V main office in Jozefow. We enjoyed the presentation about Moldovan wines and Moldovan history. We got to know our guests about culture, roots of winemaking, Moldovan traditional cuisine and music.

We are very pleased with how the event organized by Winnice Mołdawii turned out and our guests were very pleased with the tasting. We will definitely take this team into consideration for our next events.
