SUPER 1800-3(i) – top of its class

The SUPER 1800-3(i), the most powerful tracked paver in its performance class, covers an incredibly wide range of applications. With a maximum pave width of 10 m and a machine length of just 6.04 m, the VÖGELE paver handles motorway projects just as well as tight roundabouts.

The innovative, easy-to-understand ErgoPlus 3 operating concept creates a work environment with all the ergonomic and practical advantages a machine operator could possibly want.
