RE: Lead Acid Battery PD 4410

Dear Valuable End Customers:

Herewith we, ZOLL Medical Corporation (USA), represented by Moscow Representative Office, inform you that produced by our company ZOLL M Series defibrillator-monitor was discontinued from production in 2020. That's why we didn't extend declaration of conformity for M Series and its accessories.

The lead acid battery PD 4410, PN Battery 8 0 0 0 - 0 2 9 9 - 29 used to power ZOLL M Series has been also used for the power supply of automatic external defibrillator ZOLL AED Pro.

That's why we recommend you to use the declaration of conformity No. 9652-000132 for AED Pro because it includes among accessories list also lead acid battery PD 4410.

If you have any further questions, please don't hesitate to contact us.

Sincerely,
ZOLL Medical Corporation
Julia Gromyko
Head of Moscow Representative Office
acting based on power of attorney dated 25.01.2021
