The results of the review and this document report can only be valid as long as the document under the scope of signed agreement submitted to SZUTEST has been changed. If the agreement terms and the agreement itself remains valid and until the state of validity stated below. For devices, the manufacturer must perform internal manufacturing and quality controls, when necessary, provide proper solutions for essential safety requirements and must provide a declaration of conformity. SZUTEST declares that the aforementioned manufacturer's third-party review of referenced technical file is performed upon voluntary request. It is the manufacturer's own responsibility to conform to the requirements of 2014/53/EU on voltage detectors and this document cannot be used a legal document to claim any type of conformity. This document cannot be used in any of the legal or technical cases related to the requirements of the referenced standards, including the application of the CE mark. The text outlined herein is not part of any type of notification, CE marking or CE marking and is not related with the application scope of SZUTEST. The current validity of the certificate will be checked from SZUTEST's website.
