To whom may this concern,

Around25 has engaged with CT Defense LTD in July 2022 for the purpose of completing a penetration testing for the RAMMP web application.

We've experienced the CT Defense LTD team as being extremely professional, both in the timely and clear communication, and the service they provided. I especially appreciated them being open to provide additional explanations for non-technical people.

We will certainly continue to turn to CT Defense LTD for security audits, and recommend them to anyone is interested in such services.

Cluj-Napoca, 5 August 2022

Kind regards,

CT DEFENSE Ltd.

Cluj-Napoca, Romania

To whom may this concern,

The purpose of this letter is to recommend CT Defense LTD based on my own experience with the company. EasyCall have engaged with CT Defense LTD in July and August 2022 for the purposes of penetration testing. I am glad to say that I am extremely pleased with the quality of work provided during our collaboration.

A few examples of their high quality service include:

- Very quick to address our requests;
- Positive and friendly attitude;
- Efforts to avoid use of technical jargon in business communication;
- Propensity for adjusting the project schedule according to our needs;
- Very responsive in communication;
- Willing to tailor their services according to our business needs.

For the reasons listed above, I am pleased to recommend CT Defense LTD as your trusted partner in penetration testing services.

Your sincerely,

Sergiu Rusu

General Manager

To Whom It May Concern:

March 1, 2021

With this letter I would like to confirm that Forward Defense Equipment and Services LLC, based in Abu Dhabi, United Arab Emirates, has been working with Cyber Threat Defense for the last 6 years. During this period, Cyber Threat Defense has supported us with a variety of man power for the purposes of various different security engagements, including penetration testing.

Cyber Threat Defense has always provided exceptional quality of personnel and engagements, and as such as formed an invaluable bond both with Forward Defense and our clients. I would never hesitate to recommend Cyber Threat Defense.

For any questions or clarifications please contact David Michaux, Director, by email at [dmichaux@forwarddefense.com](mailto:dmichaux@forwarddefense.com).

Dear,

We gladly confirm that Nitrovery Limited and Very Nearshore Limited have worked on several occasions with Cyber Threat Defense ( incl, CT DEFENSE Ltd ) , for key cyber – security projects for our customers including:

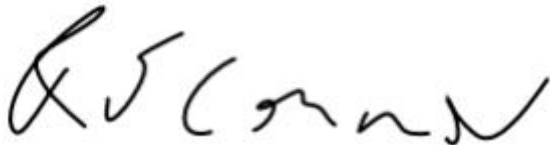

- White and black box penetration testing (web and mobile applications);
- PS2 SCA compliance;
- Network penetration testing;

They systematically met and exceeded our expectations in terms of:

- Quality of the results;
- Collaboration and approach;
- Methodology;
- Overall professionalism.

Indeed, the many CTD Security Assessments we have commissioned, have always summarised in very comprehensive detail, the method, tests, findings and recommendations.

Their proactive and collaborative approach to delivering Security Assessments is the best we have seen from a Partner.

Dear,

It is with much enthusiasm that we are writing to commend **Cyber Threat Defense (CT DEFENSE Ltd)** as our partner for more than **2 years** in delivering our top cyber-security services for our customers, including, but not limited to:

- Cyber Threat Intelligence,
- Web & Application Penetration Testing,
- External and Internal Infrastructure Testing,
- Red Teaming,
- Vulnerability Assessment.

Through the years, they have been a trustworthy partner as they have gone above and beyond our expectations in terms of:

- Providing excellent quality of results and reports,
- Speed of delivery,
- Organised and systematic methodology,
- Proactive collaboration,
- Accommodating customers' requests.

The assessment reports have always been comprehensive, which includes the methods and tools used, categorized findings, and the recommended remediations. In many occasions, our customers have expressed their appreciation on the assessments.

Their quality in delivering cyber-security assessments through the years has been aligned with the core values that we have been upholding. Overall, their professionalism and excellent service is highly regarded and recommended.

14<sup>th</sup> July 2022

To whom may this concern,

ZapSplat have engaged with CT Defense LTD in June 2022 for the purposes of penetration testing of our website and web service.

CT Defense provided a professional service with exceptional communication throughout.

They quickly identified a number of vulnerabilities within our applications, provided detailed information about each with effective solutions for implementation by our developers. We have been delighted with the service provided by CT Defense and look forward to engaging their services again in the future.

Yours sincerely
