

**SIDAPHARM**<sup>®</sup>  
Ophthalmic & Medical Disposable Products

**Hydrophobic  
One-Piece, Acrylic,  
Foldable, Intraocular Lens**

# Hydrophobic IOL

**\_ Superb quality of raw materials** using **pre-molded blanks** manufactured by

**Contamac**  
EMPOWERING YOUR VISION

**\_ Using the cast molding technology,** which is available to extremely few manufacturers, **Sidapharm** delivers optics of the highest quality **with a negative aspericity of -0.25**

**\_ Biocompatible hydrophobic acrylic material** with UV absorption

**\_ With Biconvex surfaces** which minimize effects of tilt, decentration and aberration and **with a 360° square-edge profile for reduced PCO rates**

**\_ Haptic's design carries a notch for smooth lens manipulation**

**\_ The refractive index** of the material is **1.56**, one of the best available in the market

**\_ High refractive index** helps us to reach **low center thickness** of the optic allowing a **smooth delivery of the IOL** through smaller incisions

**\_ Easily inserted through a 2.0mm incision**

**\_ Accompanied by cartridges manufactured in Europe**

**\_ Wide diopter range; 0.0 to +40.0 D**, in half diopter steps (**out-of-range diopters available upon request**)

**\_ Products are CE-certified**

**\_ Company is certified** for implementing a Quality Management System according to **ISO 9001:2008 & ISO 13485:2012** standards
