

REPUBLICA

MOLDOVA

MINISTERUL ECONOMIEI
ȘI INFRASTRUCTURII

CERTIFICAT

de atestare tehnico-profesională

Seria 2018-P

Numărul 0075

Eliberat domnului (doamnei): **Rogojin Serghei**

Pentru a activa în calitate de: **Proiectant**

Domeniul (ile): **A. Arhitectura:**

- 2. Arhitectura construcțiilor civile.**
- 3. Arhitectura construcțiilor industriale.**
- 4. Patrimoniul arhitectural-istoric.**

Exigențele esențiale:

- A - rezistență și stabilitate;**
- B - siguranță în exploatare;**
- C - siguranță la foc;**
- D - igienă, sănătatea oamenilor, refacerea și protecția mediului înconjurător;**
- E - izolație termică, hidrofugă și economie de energie;**
- F - protecție împotriva zgomotului.**

Data eliberării **20 iunie 2018**

Valabil până la **20 iunie 2023**

Anatol USATÎ

Secretar de Stat

CURRICULUM VITAE

Position Title	Lead Architect
Name of Expert:	Serghei Rogojin
Date of Birth:	27/05/1954
Country of Citizenship/Residence	Moldova/Republic of Moldova

Education:

Educational Institution	Dates attended	Degree/Diploma obtained
Chisinau, Moldova. Technical Institute. Urban engineering	1972-1977	Diploma in 1977, honors degree №254123
Moscow Institute of Architecture. Extension course	1982-1983	CERTIFICAT №1908
Moscow Institute of Architecture. Extension course	1982-1983	CERTIFICAT №2717
Moscow Institute of Architecture. Extension course	1988-1988	CERTIFICAT №2717
Technical University of Moldova, Extension course	2008	CERTIFICAT №03148
Specialized courses, INCERCOM	2013	CERTIFICAT № 0799

CURRICULUM VITAE

0. Pozitia in acest contract Expert în elaborarea studiilor de fezabilitate

1. Numele Răileanu

2. Prenumele Ion

3. Data naşterii 11 octombrie 1948

4. Naţionalitatea Republica Moldova

5. Starea civilă Căsătorit

6. Studii

1964 – 68

Colegiul de construcţii din or. Hânceşti

Diploma: tehnic – constructor

1971-1976

Universitatea Tehnică din

Chişinău, Moldova

Diploma: inginer – constructor

1996

Ministerul Dezvoltării Teritoriului Construcţiilor şi

Gospodăriei Comunale

Certificat de Atestare Tehnico-Profesională,

Seria 97, nr.015- atestat ca responsabil tehnic,

Certificat de Atestare Tehnico-Profesională,

Seria 96, nr.002- atestat ca expert tehnic,

7. Funcţii:

Organizaţia intergospodărească de construcţii: maistru, şef de şantier

Direcţia agricolă raională: şef al secţiei de construcţii, şef al secţiei de proiectare şi expertizare a proiectelor din construcţii

Ministerul Construcţiilor Săteşti: inginer-şef, şef al Coloanei Mobile Mecanizate Nr. 71

Trustul de construcţii: inginer-şef al trustului de construcţii şef al trustului de construcţii

Asociaţia "Agroconstrucţia": vicepreşedinte, prim-vicepreşedinte

Ministerul Construcţiilor: viceministru

Ministerul Construcţiilor, Gospodăriei Comunale şi

Dezvoltării Teritoriului: prim-viceministru

Ministerul Mediului şi Amenajării Teritoriului: prim-viceministru, ministru

Ministerul Ecologiei, Construcţiilor şi Dezvoltării Teritoriului: prim-viceministru.

Federaţia Patronatului din Construcţii

- vice-preşedinte

Banca Mondială. Proiectul Controlului Poluării din

Agricultură: consultant în probleme de construcţii.

Banca Mondială. Proiectul privind controlul gripei aviare şi gradul de pregătire în caz de pandemie umană şi activităţile

de răspuns: consultant în probleme de construcţii

8. Experienţa profesională

2001 – prezent.

Uniunea Inginerilor Constructori din Moldova – Vicepreşedinte

Unitatea Consolidată pentru Implementarea și Monitorizarea Proiectelor în domeniul Agriculturii, finanțate de Banca Mondială – **manager de proiect**

Competență: Cercetări științifice în domeniul construcțiilor și amenajării teritoriului, elaborarea și verificarea proiectelor în construcții, expertiza tehnică a proiectelor și construcțiilor, elaborarea studiilor de fezabilitate și documentelor normative în construcții, consultanță și inginerie la execuția construcțiilor, licitații în construcții, materiale noi în industria construcțiilor.

2001 – 2001

Ministerul Ecologiei Construcțiilor și Dezvoltării Teritoriului
- **prim-vice ministru.**

Competență: problemele amenajării teritoriului, urbanismului, arhitecturii, construcțiilor și gospodăriei locativ comunale, atestarea și perfecționarea specialiștilor în construcții și urbanism, problemele prevenirii calamităților naturale (alunecări de teren, inundații subinundații, cutremur de pământ) alimentări cu apă, tratarea apelor, epurarea apelor uzate, salubritate și utilizarea deșeurilor, elaborarea documentelor normative și standardelor în construcții. Controlul calității în construcții.

2000 – 2001

Ministerul Mediului și Amenajării Teritoriului, - ministru

Competență: probleme ecologice, evacuarea și epurarea apelor uzate, tratamentul apelor, epurarea apelor reziduale, resurse naturale, politica de stat în domeniul urbanismului, arhitecturii, construcțiilor și gospodăriei locativ comunale.

Elaborarea documentelor normative și standardelor în construcții. Controlul calității în construcții. Elaborarea instrucțiunilor privind calculul devizelor de cheltuieli în construcții prin „metoda de resurse”. Adaptarea și aprobarea normelor de consum pentru elaborarea devizelor de cheltuieli în construcții.

1999 – 2000

Ministerul Mediului și Amenajării Teritoriului, - prim vice ministru

Competență: probleme urbanismului, arhitecturii, construcțiilor și gospodăriei locativ comunale.

1990 – 1999

Ministerul Construcțiilor – vice ministru, prim vice ministru.

Competență: proiectare în construcție, cercetare în construcție, elaborarea normativelor și standardelor în construcție, elaborarea actelor legislative în construcție, autor al Legii privind calitatea în construcție, reforma economică în construcție, tehnologii și materiale noi în construcții, relații internaționale în domeniul construcțiilor și amenajării teritoriului, participarea la lichidarea consecințelor calamităților naturale 1991,1994, 1998.

1967 – 1990

Organizații și trusturi de construcții. Agroconstrucția – inginer-șef, șef al organizațiilor și trusturilor de construcții –

- a Regulamentelor și instrucțiunilor privind execuția construcțiilor și calitatea construcțiilor;
- a regulamentelor pentru activitatea Dirigințelor de șantier și Responsabililor tehnici.

Total coautor: 4 legi, 16 documente normative.

12. Distincții -

decorat:

- în anul 1970 cu medalia „100 ani de la nașterea lui V.I.Lenin” pentru merite militare;
- în anul 1986 cu ordinul „Insigna de Onoare” pentru merite în muncă;
- în anul 2000 cu medalia Organizației Internaționale a Protecției Civile pentru participare activă la lichidarea consecințelor calamităților naturale.

CURRICULUM VITAE

Position Title	Environmental Expert
Name of Expert:	Aureliu Overcenco
Date of Birth:	12/10/1967
Country of Citizenship/Residence	Moldova/Republic of Moldova

EDUCATION

- 1997–2002 Institute of Geography of the Academy of Sciences of Moldova, Chisinau, Moldova. Post-graduate in *Environmental Protection and Rational Use of Natural Resources*. PhD Diploma DR 1569, November 21, 2002
- 1988–1993 Odessa State University, Ukraine. Speciality: *Pedology and Soil Geography*. Diploma KЖ 009681, June 25, 1993
- 1982–1986 Kishinev Medical College, Moldova. Speciality: *Epidemiology and Sanitary*. Diploma ЖТ 864378, March 1, 1986.

Courses and trainings

- Course on *Occupational Health and Safety* (Second Level). – Feb 2015. Chisinau, Moldova. Organized by State Labor Inspectorate
- Course on *Hazard Analysis and Critical Control Points (HACCP) Principles* – Feb 2008. Chisinau, Moldova. Organized by CNFA/ADP
- Training course on *Introduction to Food Safety Implementation*. – Feb 2007. Chisinau, Moldova. Organized by CNFA/ADP
- Extensive Training Course on *EurepGAP Implementation*. – Nov 2006. Chisinau, Moldova. Organized by CNFA/ADP
- Training on *Ecological Expertise as the important stage in the business activity*. – Sep 2006. Chisinau, Moldova. Organized by The Chamber of Commerce & Industry of the Republic of Moldova
- Course on *Occupational Health and Safety*. – Aug 2004. Chisinau, Moldova. Organized by ACAI-Inform
- Course *An Overview of USAID Environmental Procedures, Environmental Review, Screening, Mitigation and Monitoring*. – June 2004. Ohrid, Macedonia. Organized by USAID Bureau for Europe and Eurasia
- Course on *Environmental Information System Development (ESRI ArcGIS)*. – Feb 2003. Chisinau, Moldova. Organized by Regional Environmental Centre REC-Moldova.

EMPLOYMENT RECORD RELEVANT TO THE ASSIGNMENT:

PRESENT POSITION AND EMPLOYER (from Sep 2013)

Position: Leading Researcher, Laboratory of Geomorphology and Ecopedology
Employer: Institute of Ecology and Geography, Academy of Sciences of Moldova
(www.ieg.asm.md)

Main aim of the Institute is to organize and conduct fundamental and applied scientific researches on evolution, structure, and geographical and ecological functioning of the environmental components, their changes under the action of biotic, abiotic and anthropogenic factors.

Areas of research activities:

- Environmental sciences
- Environmental quality and impact assessment
- Protection and rational use of natural resources
- Soil conservation and sustainable agriculture
- Soil geography and cartography.

PRESENT CONSULTANCY ACTIVITY (from Mar 2014)

Position: Environmental consultant
Employer: Consolidated Agricultural Projects Management Unit (CAPMU), WB-funded *Moldova Agriculture Competitiveness Project* (MAC-P) (www.capmu.md)

The assignment aims to ensure the project activities are being implemented in compliance with the WB and National environmental requirements and that the Environmental Management Framework (EMF) provisions are successfully implemented.

Main tasks:

- Prepare Environmental Management Plan (EMP) Checklists for small scale construction and/or rehabilitation of National Food Safety Agency building, laboratory facilities and border inspection points (BIP) under the Component 1
- Ensure during the Project implementation, including implementation of the matching grant Program that applicable WB and national environmental standards and guidelines are being followed and achieved. Where multiple sub-projects are being carried out in geographical proximity, assess the possible cumulative or residual effects on the environment (particularly, on natural habitats, forests, soil, and air and water resources)
- Monitor the compliance of all project activities and of matching grants with the project EMF in terms of timely and at the requested quality, as well as all of them have been assessed from environmental point of view and that necessary Environmental Impact Assessment (EIA) documents are being designed
- Providing assistance to the Agency of Interventions and Payments for Agriculture (AIPA) to determine the exact impacts that can be generated by proposed activities for which grants are being sought as well as prescribing in specific terms the required mitigation actions to be taken. Provide guidance to the AIPA on projects' environmental screening procedures, ensuring an efficient screening of proposed sub-projects and in the case needed, designing necessary EIA documents;
- Provide assistance and guidance in organizing EIA documents disclosure and public consultations, when needed
- Monitor and report on a regular basis the effects on the environment that activities financed under the project and through the matching grants may provoke and to ensure that mitigation is carried out
- Ensuring reporting to both the Government and the World Bank on EMF implementation and on compliance with the subprojects EMPs
- Coordination and supervision of the TA and demonstrational activities in the area of Integrated Pest Management.

PRESENT CONSULTANCY ACTIVITY (from Jan 2015)

Position: Environmental, Occupational Health and Safety Specialist
Employer: ICS Danube Logistics SRL, Chisinau-Giurgiulesti (www.danlog.md)

ICS Danube Logistics SRL, a Moldovan limited liability company, is the general investor and operator of Giurgiulesti International Free Port. In December 2004 Danube Logistics signed an investment agreement with the Government of Moldova for the construction of Giurgiulesti International Free Port. Giurgiulesti International Free Ports' entire territory has a status of a free economic zone until 2030. Due to its location on the Lower Danube with available water depths of up to 7 m, GIFF is capable of receiving both inland

and sea going vessels.

Areas of activities:

- Environmental&Occupational Health and Safety management
- ISO 50001 Energy management.

PREVIOUS RELEVANT POSITION AND EMPLOYER (May 2011 - Jul 2012)

Position: Irrigation Sector Reform Activity (ISRA) Manager
Employer: GOPA Consultants (Gesellschaft für Organisation, Planung und Ausbildung mbH), Germany (www.gopa.de)

GOPA was awarded the contract for the implementation of the fixed-term Project Implementation Manager (PIM) for the Irrigation Sector Reform and Centralized Irrigation Systems Rehabilitation Activities, commissioned by the Millennium Challenge Account Moldova with funding from the Millennium Challenge Corporation (www.mca.gov.md).

The ISRA Manager is the key responsible expert for monitoring and supervising the performance of the ISRA Consultant in the field and is doing pre-clearance of all ISRA deliverables.

Activities:

- Support of development of Project Implementation Manager (PIM) and Irrigation Master Implementation Work Plans
- Ensure presentation of draft designs to Water Use Associations (WUAs) under Centralized Irrigation System Reform Activity (CISRA)
- Coordinate and supervise the ISRA Consultant throughout:
 - Organize and participate in progress meetings
 - Monitor of outreach of stakeholders
 - Monitor establishment WUA MSU
 - Registration of up to 11 WUAs
 - Ensure of timely establishment of 11 draft MTA
 - Water Quality & Quantity Monitoring GIS set-up
 - Monitor Development at least 4 Water Regulations
 - Monitor Develop/set-up Model Registry of WUAs
 - Ensure proper assistance to WUAs
- Ensure participation of WUAs representatives in construction/rehabilitation works
- Contribute to the development of risk management tool and of procedure manual
- Support in final transfer of systems to WUAs
- Principal responsible for the pre-clearance of deliverables of the ISRA Consultant
- Promote coordination activities with all stakeholders.

PREVIOUS RELEVANT CONSULTANCY EXPERIENCE (Jan – Mar 2015)

Position: Environmental Specialist
Employer: Ministry of Education of the Republic of Moldova, Moldova Education Reform Project (MERP) (www.edu.gov.md)

Objectives of the assignment:

Prepare the project's Environmental Management Framework (EMF) document that will govern environmental procedures for the schools that will be rehabilitated under the Government Program supported by the Moldova Education Reform Project (MERP). The EMF includes needed mitigation

measures, institutional arrangements and monitoring activities, as well as guidance on preparing individual Environmental Impact Assessments and Environment Management Plans (EMP Checklists).

Specific tasks:

- Carry out an assessment of Moldova's environmental policies and procedures (EA) covering legal and administrative conditions in terms of completeness and appropriateness with regard to the school rehabilitations
- Prepare a general assessment of the kinds of impact that might be associated with the different types of civil works that are being promoted under the Education Program supported by the Project
- Prepare an EMF establishing the overall safeguard procedures to be followed under the Project, including a screening criteria of proposed subprojects for identifying those that require a detailed EIA study and those whereby an Environmental Management Plan (EMP) would suffice
- Prepare Environmental Guidelines for proposed subprojects that would provide an assessment of potential impacts and generic mitigation measures to be undertaken for identified subprojects in all stages, from identification and selection, through the design and implementation phase, to the monitoring and evaluation of results
- Prepare a the summary of the EMF to be disseminated and consulted with various stakeholders (other involved ministries and state institutions, municipalities, and academia)
- Together with MoEd officials, ensure public disclosure of the EMF in the internet, the Ministry's website, and targeting distributing to municipalities and schools
- Together with MoEd officials, organize and lead a consultation process of the draft EMF with key stakeholders (municipalities, school community, other interested parties).

PREVIOUS RELEVANT CONSULTANCY EXPERIENCE (Feb 2010 – Dec 2012)

Position: Environmental Consultant

Employer: Ministry of Finance, WB-funded *Rural Investment and Services Project (RISP II)*
(www.capmu.md)

The project is the second phase of a two-phase World Bank funded Rural Investment and Services Program (1-st phase 2002-2005). The Program objective, which remains unchanged, is to provide long term support to accelerate agricultural recovery and growth so that Moldova's agricultural and rural sectors can play their full role in providing the underpinnings for future income growth and poverty reduction.

Specific activities:

- Conduct an Initial Environmental Impact Assessment (EA) identifying the potential impacts of the selected sub-projects to be financed and define the types of required EA
- Review of applications for sub-project financing to determine if the proposed sub-project falls within one of the World Bank categories (A, B or C)
- If the sub-project falls within one of these categories and the national norms will require for an EA, the consultant must ensure that the EA is conducted in such a manner as to meet the standards of the World Bank. On other sub-projects, a sampling of same would be selected for field inspections to ensure that good practices are being conducted and that there are no unexpected and unacceptable impacts from such sub-projects
- Review environmental assessments, environmental management plans and monitoring plans for sub-projects requiring them
- Provide guidance to sub-project proponents (beneficiaries) on environmental mitigation that can be incorporated into project implementation
- Provide guidance and backstopping to PFI loan officers on the application of project environmental screening procedures to sub-project proposals
- Selectively undertake field visits to sub-projects for which environmental clearance permits were required, to monitor compliance

- Prepare periodic reports on the environmental impacts of financed sub-projects and analyze the efficiency of mitigation measures applied to minimize negative consequences
- Prepare a curricula and program and organize trainings for project stakeholders on good practices for the protection of environment
- Coordinate the training process, including participation, training materials, and follow-up activities.

KEY RELEVANT SKILLS AND QUALIFICATIONS

Environmental impact assessment, monitoring and mitigation; Environmental investigation and quality assessment; Soil and water resources inventory and analysis; Strong environmental and Occupational Health and Safety (OHS) legislation proficiency; Good knowledge of national environmental and OHS regulations, standards and norms; Skills and strong experience in environmental and OHS expertise and audit; Experience in providing consultancy/advisory and training services.

Other skills and qualifications:

Environmental project design and development; Project management, implementation and monitoring; Experience in rural business and association development; Bio-diversity assessment and analyses; Environmental database development; Spatial analysis and application of geospatial technologies (GIS); Environmental consulting and training experience; Energy efficiency management; Designing, editing and publishing skills.

Driver's license (B), good interpersonal skills, well-organized, communicative, purposeful, ability to co-operate with people from different cultures, level of education etc.

Computer Operating Systems (OS): *Windows*; Office Software: *Microsoft Office, Microsoft Project, Internet Explorer, Adobe Acrobat* etc.; GIS Software: *ESRI ArcView/ArcGIS, MapInfo, Surfer*; Publishing Software: *Adobe, Corel, oths.*

PROFESSIONAL EXPERIENCE

2013–present	<i>Leading Researcher.</i> Lab of Geomorphology and Ecopedology, Institute of Ecology and Geography, Academy of Sciences of Moldova (ASM). Chisinau, Moldova
2012–2013	<i>Head of Laboratory.</i> Lab of Soil Geography and Evolution, Institute of Ecology and Geography, Academy of Sciences of Moldova (ASM). Chisinau, Moldova

de atestare tehnico-profesională

Seria 2016-P

Numărul 1549

Eliberat domnului (doamnei): **Șevcenco Alexandr**

Pentru a activa în calitate de: **Proiectant**

Domeniul (ile): **C. Instalații aferente:**

5. Instalații de automatizare.

6. Instalații de protecție:

a) contra incendiului, intruziunilor din exterior.

Exigențele esențiale:

A - rezistență și stabilitate;

B - siguranță în exploatare;

C - siguranță la foc;

D - igienă, sănătatea oamenilor, refacerea și protecția mediului înconjurător;

E - izolație termică, hidrofugă și economie de energie;

F - protecție împotriva zgomotului.

Data eliberării **5 aprilie 2016**

Valabil până la **5 aprilie 2021**

Calificarea: Inginer

Profil: proiectarea constructiilor civile, industriale si agricole

Atestat in calitate de Proiectant Seria 2019-P Nr.0179 din 11.04.2019

Educatie si formare: Universitatea Tehnica a Moldovei
perioada 2003-2007

Exprienta profesionala:

1. Perioada 04/2005-10/2005

Compania de constructii «Monarch-Developments»

Functia : Maestru

Activitati si responsabilitati: Organizarea lucrului pe santier.

Constructia obiectului cu 12 nivele cu menire sociala

2. Perioada 10/2005-07/2007

Compania de proiectare "GIPA" www.gipa.ru , filiala Chisinau

Functia: Proiectant

Activitati si responsabilitati: Proiectarea constructiilor civile si industriale

Proiectele de baza realizate:

"Moscow city " – complex de agrement

Proiectarea caselor individuale

Complex turistic «Романтик» in cadrul complexului «Архыз»

Statia de prelucrare a petrolului or.Khabarovsk

3. Perioada 05/2007-09/2008

Compania belgiana cu filiala in Chisinau «Stubeco» <http://www.stubeco.nl>

Functia: Proiectant

Activitati si responsabilitati: Proiectarea constructiilor civile si industriale

Proiectele de baza realizate:

Proiectarea constructiilor civile si industriale

conform standartelor europene EUROCOD

4. Perioada 09/2008-2017

Compania de proiectare «Sterix-consulting»

Functia: Proiectant.

Activitati si responsabilitati: Proiectarea constructiilor civile si industriale. Coordonarea procesului de lucru a echipei pe tot parcursul de realizarea proiectelor

Proiectele de baza realizate:

- Complexe locative cu obiective de menire social-culturala, comerciala si parcare auto:

din str.Grenoble, mun. Chisinau www.dragalina.md (19 blocuri)

din str.Sadoveanu mun. Chisinau(3 blocuri)
