Subject: Fumagalli Product Advantages and Warranties

This to certify that all the Fumagalli lighting fixtures are MADE IN ITALY according to European Community CE standards and they have been installing since 30 years in many public and private projects in countries with extreme weather conditions (for example Saudi Arabia, U.A.E., Qatar, Bahrain, Kuwait, Oman, Malaysia) because the resin materials used for the manufacturing of the above mentioned products have the following technical characteristics:

- Lifetime warranty against rust and oxidation
- Temperature resistance: +90°C / -60°C
- IK 10
- Not-fading thanks to their U.V. ray treated colours
- No maintenance: the colours (black, white and gray) are in paste of the material and not need to be painted or re-painted after some times.
- Double insulation
- Not affected by chemical fertilizers
- Manufactured from fireproof materials which means that resin material used cannot propagate the flame.

For all the other warranties, please, refer to our general sales terms reported on our General Price List.

In faith:

FUMAGALLI GIANCARLO
