# About Us

Accutome is entering our fourth decade in the ophthalmic industry. The three major traits that keep the Accutome brand growing remain the same: superior customer service, quality, innovation. It is our goal to make every experience you have with us special and productive.

Our focus is to continue to improve our product line and customer service to better suit your needs. We are constantly adding more customer service and sales representatives to provide worldwide support. We also have a European office in the Netherlands.

We have become a total solutions provider for all of your ophthalmic needs by supplying quality products such as office medications, supplies, surgical instruments, and diagnostic equipment. We carry thousands of products to meet your needs. If you do not see a particular item, give our representatives a call, and we will find it for you.

## Accutome Surgical Instruments and Supplies

Accutome offers a full line of diamond and metal surgical blades along with handheld surgical instruments and surgical disposable products. We are one of the top production and repair facilities of diamond knives. We cross-reference and competitively bid on all major brands of ophthalmic instruments - just send us your list for a quote.

Our reputation for innovation has been developed based on our relationships with top surgeons. Do you have an idea for a new instrument? Give us a call to discuss your idea.

## Accutome Repair Center

Our state-of-the-art repair and technical support center is staffed by highly trained technicians. We offer expert repairs on all brands of ophthalmic surgery instruments and ultrasound. We are also experts in diamond knife repair, having one of the largest diamond repair facilities in the U.S. Accutome can customize diamond blades to your specifications and the Diamond Exchange Program allows you to downsize existing blades for a low cost. Most brands and styles can be repaired by us, usually in 24 hours. Our instrument repair unit can sharpen or repair surgical instruments, making them like new.

## Accutome Diagnostic Equipment

Accutome offers a broad line of ophthalmic diagnostic equipment. We started in the 1980s by developing the first ophthalmic pachymeter. Today, we feature a full line of diagnostic equipment including: 4Sight, A-Scan Plus Connect, B-Scan Plus, UBM Plus, PachPen handheld pachymeter, AccuPach VI, and AccuPen handheld tonometer.

As an extension of our great customer service, Accutome also offers in-house diagnostic product specialists. Our specialists are available during work hours, Monday through Friday 8am to 8pm EST.

## Accutome Office Medications and Supplies

Accutome carries thousands of diagnostic pharmaceuticals and clinical exam supplies. There are no minimum order requirements, and most products ship out on the same day. We run quarterly specials on our most popular products, which can be found on our website at [www.accutome.com](http://www.accutome.com).

# AccuSharp Disposable Ophthalmic Knives

A decorative horizontal bar with a blue gradient, transitioning from a darker blue on the left to a lighter blue on the right.
