### **Letter of Authorization**

Siemens Healthineers International AG (formerly known as Varian Medical Systems International AG), Hinterbergstrasse 14, 6312 Steinhausen, Switzerland ("Siemens Healthineers"), is a wholly-owned subsidiary of Siemens Healthineers AG. Siemens Healthineers belongs to Siemens Healthineers AG's Varian Business Area which also includes Varian Medical Systems, Inc., the world's leading manufacturer of medical devices and software for treating cancer and other medical conditions with radiotherapy, radiosurgery, and brachytherapy. The company also supplies informatics software for managing comprehensive cancer clinics, radiotherapy centers, and medical oncology practices, as well as service/maintenance of their products.

Siemens Healthineers has appointed ICS Diamedix Impex SRL, str. Chisinau 9, Com. Stauceni, Chisinau, as our representative in the Republic of Moldova for the medical devices and related equipment and spare parts that are manufactured and sold under Varian trademarks/trade names owned, registered by or licensed to Siemens Healthineers (the "Varian Products").

ICS Diamedix Impex SRL's rights as a representative are subject to a distribution agreement with Siemens Healthineers, and ICS Diamedix Impex SRL is subsequently authorized to represent the Varian Products in the Republic of Moldova in relation thereto before the appropriate authorities, agencies, other similar instrumentalities or public bodies and in all commercial and administrative fields.

This Letter of Authorization remains valid until 31st December 2025 unless revoked earlier.
