paints and plasters. Technical specification" with changes No. 1-2

Papildus informācija
Additional information

This document has been issued on a voluntary basis and at the request of the manufacturer. In our opinion, the technical documentation received from the manufacturer complies with the applicable norms in respect of selected parameters: organoleptic and chemical indicators. And complies with the requirements of the European Certification Agency for Production, Services and Management Systems certification mark. The mark of conformity indicated above may be applied to products in accordance with the Rules for its use. DPSM-18 is available at: www.eucert.pro.

The certificate becomes invalid if the manufacturer makes any changes to the technical documentation, products or production technology, which was not notified and was not agreed with the conformity assessment body.

Ultimate responsibility related with conformity of product with directive/directives, belongs to manufacturer. The manufacturer is responsible for the CE marking process and, if necessary, must contact the notified body.

This document is issued on the basis of the regulation on the voluntary mark European Certification Agency for Production, Services and Management Systems for product certification
