CERTIFICATE

Declaration:

We CANFIELD Scientific GmbH as the representative company in Germany of Canfield Scientific Inc., confirm the following:

The resolution given in the data sheet of D200 EVO is 3096 x 2080 pixels, (6,5 megapixels) and it exceeds Full HD resolution, so it has a greater capacity.

This resolution is between Full HD (*where the image is 1920 pixels wide and 1080 pixels high: a total of 2.07 megapixels.*) and

Ultra HD (*which is also called UHD or 4K, where the image is 3840 pixels wide and 2160 pixels high (8.3 megapixels).*)
