Company Profile

 CE:2011-RGC-MDD-0067

 ISO9001-2008 质量管理体系认证

Tianjin Grand Paper Industry Co., Ltd. established in 1988, is one of the earliest medical recording paper factories in China. Nowadays, GRAND has expanded the product range to ECG, CTG, Ultrasound Paper, labels, ultrasound gel and various medical disposables. We operates a 40,000 square meters factory with a paper plant of 12 production lines for printing, die cutting, an ultrasound gel plant and a label plant. All products are certified and regulated under ISO 9001 & ISO 13485, CE and US FDA certified. Backed by over 35 years experiences in producing and trading, our products account for around 70% market share in Chinese domestic market and have been exporting to over 100 countries worldwide.
