

No. 02-10.05-26 date 10 May 2026

**To:** State Enterprise "Chisinau  
International Airport 'Eugen Doga'"  
**Attn:** Mr. Sergiu Spoială, Administrator

**Dear Mr. Sergiu Spoială,**

OSAGAU AG hereby submits its commercial offer for the supply of Aviation Turbine Fuel Jet A-1 to Chisinau International Airport "Eugen Doga" (IATA: RMO), Republic of Moldova.

Group OSAGAU / LUX KRAINA was the largest independent Jet A-1 supplier in Ukraine during the period 2019 – February 2022, serving all major Ukrainian airports and international carriers including Ryanair, Lufthansa Group, Turkish Airlines, Air France/KLM, Wizz Air and others. We maintain direct supply agreements with leading European refineries and operate our own road trucks fleet and refueling infrastructure.

## 1. PRODUCT & DELIVERY TERMS

**Product:** Aviation Turbine Fuel Jet A-1.

**Specification:** ASTM D1655 and/or DEF STAN 91-091 (current editions). Additive Stadis 450 (antistatic) mandatory, without SAF.

**Origin:** Ukraine - Kremenchug Refinery, UkrTatNafta JSC. Non-sanctioned jurisdiction.

**Volume:** Up to 2,000 Metric Tons (MT) per calendar month.

**Delivery basis:** FCA - Kremenchug Refinery, Ukraine (Seller's premises). Transport by road trucks (ADR) to Airport RMO fuel storage, arranged by Seller.

**Minimum lot:** 24 MT per dispatch (one road truck). Lead time up to 3-5 days from order confirmation.

## 2. PRICE FORMULA

The contract price per Metric Ton shall be calculated as follows:

$$P = \text{Platts FOB MED High} + \text{Premium USD 61.00/MT} + \text{Delivery USD 79.00/MT} \\ + \text{Esc/De-Esc}$$

**Quotation:** Arithmetic average of the High quotations published by S&P Global Platts European Marketscan for Jet Fuel under the heading Mediterranean Cargoes / FOB Med (Italy), code AAIDL00.

**Quotation period:** 5 consecutive Business Days immediately prior to the CMR / loading date.

**Premium:** USD 61.00 per MT, fixed for the full duration of the contract.

**Density escalation:** The price shall escalate/de-escalate arithmetically based on actual density at 15°C versus reference density of 0.800 kg/l.

**Delivery:** USD 79.00 per MT, covering road delivery from Kremenchug Refinery to Airport RMO fuel storage. Indicative rate as of 10 May 2026.

**Total indicative at DAP - RMO fuel storage:**

**Platts FOB MED High + Premium USD 140.00/MT + Esc/De-Esc**

### 3. PAYMENT & COMMERCIAL CONDITIONS

**Payment terms:** 5 calendar days from the delivery date (signing of CMR / delivery note at RMO fuel storage).

**Currency:** USD or EUR, by mutual agreement at contract signing.

**Invoicing:** Seller shall issue a final invoice at the time of loading, calculated Platts quotations, and contract terms.

**Offer validity:** 15 calendar days from the date of this offer.

**Contract duration:** Up to 31 December 2026, renewable by mutual agreement.

**Governing law:** Swiss law. Jurisdiction: Courts of Canton Zug, Switzerland.

### 4. QUALITY DOCUMENTS PER DELIVERY

The following documents shall be provided with each delivery:

- Quality Certificate / Passport issued by the manufacturer (Kremenchug Refinery / UkrTatNafta JSC) with full test results per ASTM D1655;
- Declaration of Conformity with ASTM D1655 and DEF STAN 91-091;
- Certificate of Origin - Ukraine (non-sanctioned jurisdiction);
- CMR (International Road Consignment Note);
- Commercial Invoice from OSAGAU AG.

**We welcome the opportunity to discuss the terms of a supply agreement and are available for a meeting or videoconference at your earliest convenience.**

Yours sincerely,  
Founder / Chairman of the Board of Directors  
**IURII AGEIEV**
