Dear Dmitri Galusca,

Congratulations! You have earned your Cisco Certified Network Associate Routing and Switching Certification. Enclosed is an official copy of your certificate.

You are part of an elite group of highly trained networking professionals who have chosen to extend their knowledge and strengthen their professional credentials through Cisco Certifications. Your certification validates your expertise in the use of Cisco products in networking environments.

The online Cisco Certifications Tracking System <http://www.cisco.com/go/certifications/login> can help you monitor your certification progress, view recertification deadlines, and keep current with program enhancements and new offerings. While you are using the Tracking System, locate the Validation and Logos tab to download the corresponding logos for use on your business card, letterhead, or other promotional materials. Choose the Certification Logos option and follow the instructions.

Cisco certificates are uniquely numbered. Both certified individuals and third parties can verify authenticity by entering the certificate number (located on the bottom left of the certificate) at <http://www.cisco.com/go/verifycertificate>.
