Construction product conformity certificate No. 0000771

It has been stated that the construction product

**Prefabricated fitting
assembly of steel service pipes
with polyurethane thermal insulation and
with high density polyethylene external cover,**

(diameter of the steel pipe/cover from 26/90mm up to 1016/1200mm),

applicable for hot water networks and renovation of existent network systems,
manufactured by

IZOTERMS, Ltd,

production site: 24 Gaujas str. Vangaži, Ropažu district, LV-2136, Republic of Latvia,

is submitted to the initial type-testing of the product and initial inspection of the factory and the factory production control with further continuous surveillance, assessment and approval of the factory production control. The assessment is carried out by Certification Centre of Latvian Academy of Sciences and assessment results attest that requirements of the standard

LVS EN 448:2020,

were applied.

This certificate was first issued on 5 October 2016 and remains valid as long as the conditions laid down in standard in reference or the manufacturing conditions in the factory, or factory production control, or the product itself are not modified significantly. The certificate was issued at non-regulated area with validity latest on 5 October 2025.

Riga,
5 October 2022

I. Matiss
Chairman of the Board,
Certification Centre Latvian Academy of Sciences
Dr. Habil. Eng.
