

Acryfold[®] SERIES

Hydrophilic Single Piece Foldable
Intraocular Lens

CE₂₄₆₀

More than One Million Acryfold IOL Implanted Worldwide

Acryfold is manufactured using the latest technology, ensuring good memory and high accuracy. The combination of the best material and choice of design, makes the hydrophilic single piece a complete range of product. The advantage of a foldable lens is clearly that the size of the incision can be made very much smaller.
