

Rigid cover DLP-S snap-on and universal trunking: the flexibility before anything

DLP-S rigid cover snap-on trunking simple and intuitive installation

3 sizes supplied complete:
body + cover + dividers
(p. 830-833)

- No additional support - simply clip 45 mm Arteor wiring devices on the trunking body
- Rigid profile with perforations, easy to cut rectangular shape, with protective film during installation
- Self-guiding cover for easy fitting
- Sockets held firmly in the trunking

DLP-S rigid cover universal trunking for the essentials

2 sizes supplied complete:
body + cover + dividers
(p. 834-837)

- Traditional installation method with modular or with universal supports
- Compatible with all types of 45 mm mechanism (like Arteor or Mosaic) or with other British or German standard wiring devices (like Belanko, Mallia, Niloe, Kaptika or Valena)

**A common range of accessories for snap-on and universal trunking.
Save your time and provide perfect finish.**

Universal trunking for the essentials

The DLP-S rigid cover universal trunking is recommended for traditional installation method with modular or universal supports for wiring devices

- 2 sizes supplied complete: body + cover + dividers

- Arteor mechanisms can be integrated via modular supports from 2 to 6 modules

- Non-modular British standard socket outlets like Synergy, Mallia or Belanko can be installed with the help of universal support

- The universal support for 60 mm fixing centres wiring devices allow integration of ranges like Niloe, Kaptika or Valena
