Certificate of Quality

1. Description

Product name	PRO Kitchen sponges with grip, 5pcs/pack. (22 pack./box)
Item number	SPONGEGRIP522PRO
Description	Sponges are packed into polypropylene film with flexo printing, in quantity of 5 pcs in the package. Packed sponges should be placed in a corrugated box, in quantity of 22 packages.
Material	Polyurethane foam, abrasive fiber.

2. Scope of application

The products are used for household needs or other purposes.

3. Regulatory document:

TS U 24.1-31911363-003-2003 (as amended by Nos. 1-7) Sponges made of resilient polyurethane foam.

State sanitary and epidemiological inspection report dated 01.12.2021

No. 12.2-18-1/20617.

Certificate ISO 9001:2015 DSTU ISO 9001:2015, certificate registration number

UA-GC/1/294:2025 dated 17.09.2025

4. Physical characteristics

Name of indicators	Units of measurement	Requirements
1. Length	mm	96 mm (± 5) mm
2. Width	mm	70 mm (± 5) mm
3. Height	mm	46 mm (± 5) mm
4. PU foam density	g/m ²	20 (± 2) g/m ²
5. Fiber density	g/m ²	550 (± 5%) g/m ²
6. Shape	Rectangular shape, with grooves for fingers	
7. Color	Yellow PU foam on green fiber	

8. Requirements for appearance	In terms of appearance, the product should correspond to the reference sample. There should be no ruptures and traces of dirt on the sponge surface. Each corrugated box should contain a marking label.
--------------------------------	--

5. Physico-chemical indicators (Protocol No. 181 dated 08.05.2025)

<i>Organoleptic indicators:</i>					
Odor of the sample	Max. 1 point	0 points	MB-7.2-TJI 1031:2023	No.	Conforming
<i>Model environment (distilled water), mg/dm³:</i>					
Formaldehyde	0.1	Not detected (less than 0.01)*	MB-7.2-TJI 1029:2023	No.	Conforming
Acetaldehyde	0.2	Not detected (less than 0.05)*	MB-7.2-TJI 1048:2023	No.	Conforming
Ethylene glycol	1.0	Not detected (less than 0.1)*	MB-7.2-TJI 1056:2023	No.	Conforming

*- Less than the detection limit

6. Packaging

Sponges are packed into polypropylene film with flexo printing, in quantity of 5 pcs in the package. Packed sponges should be placed in a corrugated box, in quantity of 22 packages.

Type of packaging	Material	Dimensions	Quantity
Individual packaging (consumer packaging)	Polypropylene film with printing	340mm*96mm*30mcm	22 pcs/box
Secondary packaging: transport packaging	Corrugated box	400mm*300mm*365mm	32 boxes/ pallet
Third packaging	Wooden pallet	EURO, 800mm*1200mm	704 pcs/ pallet
Logistics		Quantity	
pcs/box		22	
Number of layers on a pallet		4	
Number of boxes in a layer		8	
Number of boxes on a pallet		32	

Number of pieces of products on a pallet	704
--	-----

7. Transport conditions

Transportation of products is carried out by all modes of transport, in covered vehicles, in accordance with the rules of cargo transportation applying to the relevant mode of transport.

8. Storage conditions

Store in a packaged form in dry rooms at the temperature from minus 15⁰C to plus 35⁰C away from direct sunlight, at a distance of min. 1 m from heating appliances and heating systems.

9. Shelf life (term of storage) is 60 months from the date of manufacture, subject to proper conditions of storage and transportation.
