much more effective

Viola MC20 i...

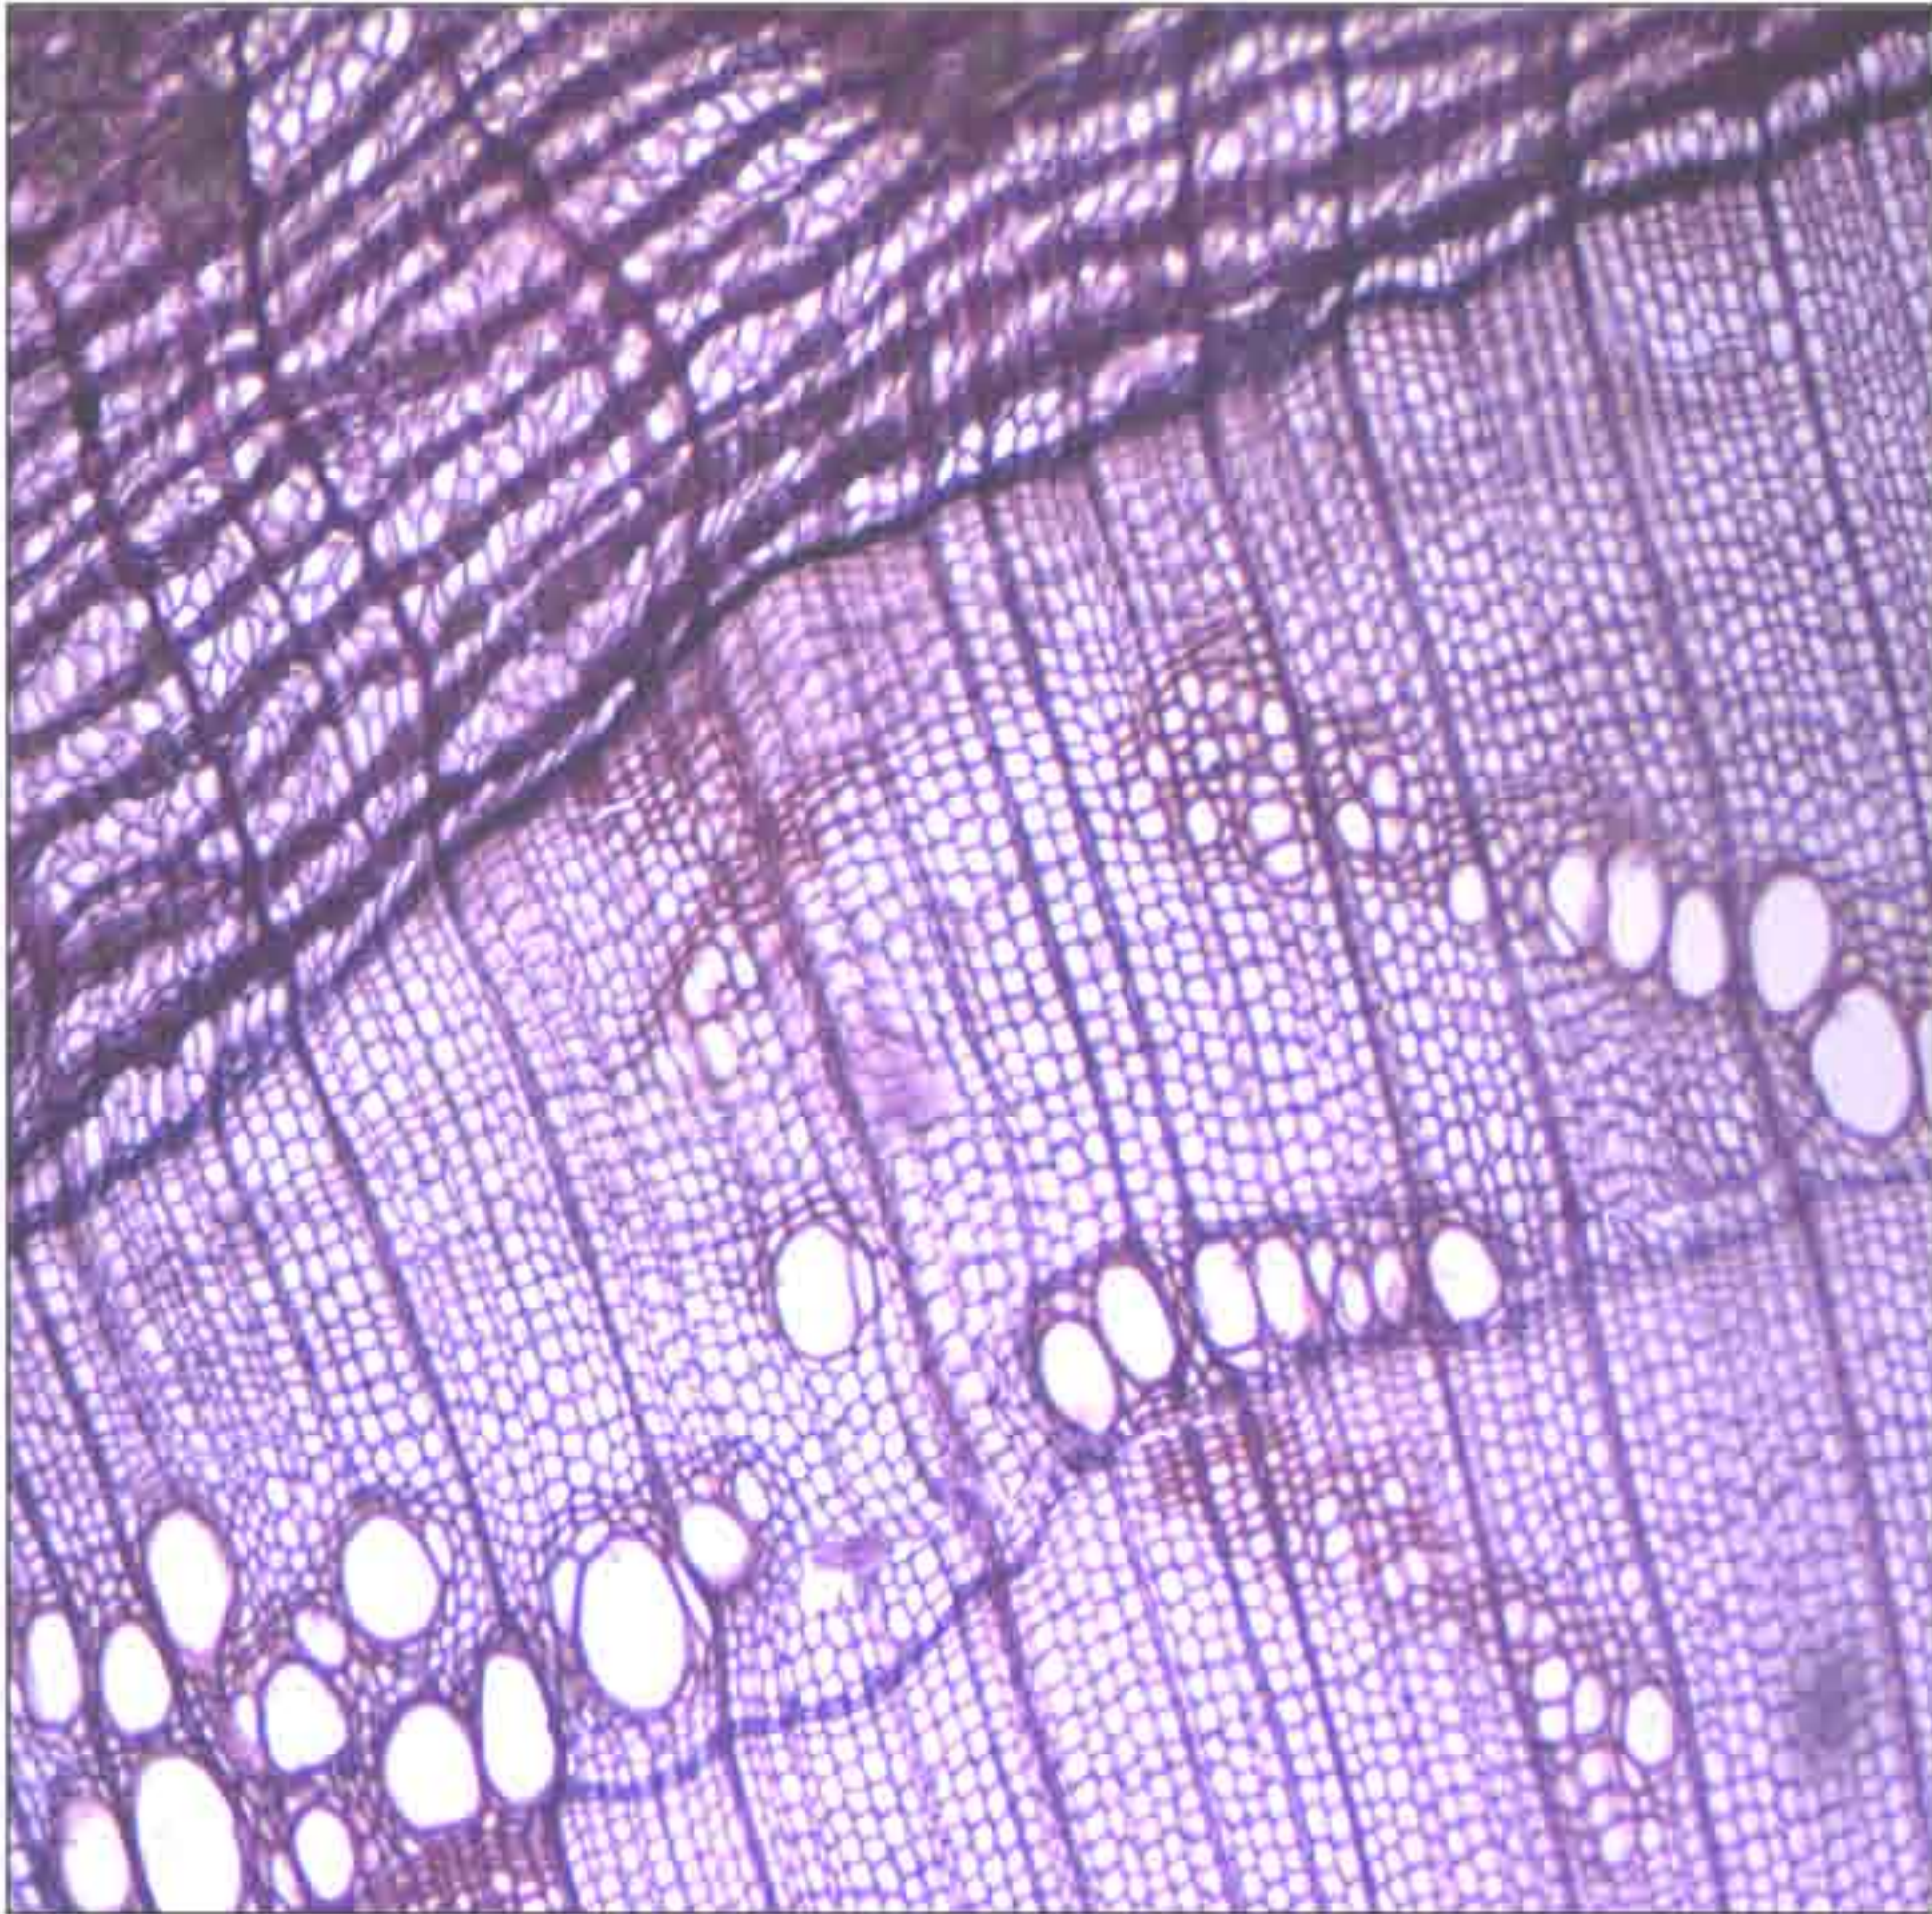

... is a high-capacity binocular microscope which is easy to handle and offers at the same time high quality at a reasonable price. This high-grade microscope is qualified for many different fields of work such as education, hobby or professional uses. It features a binocular head which is inclined at 30°. The eyepieces WF10x/18 allow easy and convenient observation with eyeglasses and the illumination is provided by a bright white, long-life 3W LED lamp. The high quality of the images and the instrument itself guarantees the user that submerging into the unknown will be a delight for many years to come.

Microscopes design developed by MICROS AUSTRIA. Specifications and equipment are subject to change without any obligation on the part of the manufacturer.

Declaration of CE-Conformity

We, LABWAY S.L. Poeta Navarro Cabanes, 15, 46018 Valencia – Spain,

herewith declare under our responsibility that the below listed microscope models meets all the requirements of

- EMC electromagnetic compatibility directive 2014/30/EU, Annex 1
- LVD low voltage directive 2006/95/EC
- All electrical parts have passed the DIN VDE 0701 testing

290000	VIOLA MC20i Binocular	Binocular microscope with LED illumination, 40x-1000
290002-1	VIOLA MC20i Trinocular	Trinocular microscope with LED illumination, 40x-1000x
250052	PETUNIA MCX50 Binocular	Brightfield LED Version Magnification range from, 40x-1000x
250052-1	PETUNIA MCX50 Trinocular	Brightfield LED Version Magnification range from, 40x-1000x
550105	DAFFODIL MCX100 Body, LED, Binocular	Brightfield Eco Version Magnification range from, 40x-1000x
550105-1	DAFFODIL MCX100 Body, LED, Trinocular	Brightfield Eco Version Magnification range from, 40x-1000x
550105	DAFFODIL MCX100 Body, LED,	Fluorescence Version, Magnification range from 40x-1000x
550105-2	LAVENDER MCX100 LCD Microscope	All-in-one digital Microscope, Magnification range from 40x-1000x
520090	LADYBIRD Micro Zoom 1240 Bino	Stereomicroscope Binocular, Magnification 10-45x
520090-1	LADYBIRD Micro Zoom 1240 Trino	Stereomicroscope Trinocular, Magnification 10-45x
