BVL-101.11152.0.0153(2013)

DATE 26 August 2013

**Notification of a Food for Special Medical Purposes (balanced diets) according to § 4a
para. 1 of the Ordinance on Dietetic Food (German DiätV)**
Product "Mevalia Penne" with container size 500g

Dear Sir/Madam,

I hereby confirm receipt of your notification according to § 4a Abs. 1 DiätV of 15. May 2013 for the product "Mevalia Penne" with the container size 500g. The present notification is a second notification.

As part of this notification procedure, I will only formally check the submitted documents for their completeness. It is being verified whether the information on the notification is complete and whether the notification falls under the conceptual requirements of one of the groups listed in Annex 8 DiätV. The BVL does not carry out any further examination of the content. For this purpose, the notification shall be forwarded to the regional authority responsible for food control.

The distributor is not exempt from the obligation to comply with food law regulations on his/her own responsibility.

If the product is changed (e.g. product name, composition, etc.) a notification of change is required. I would also ask you to inform me if you should take the above product off the market (indicating the date).

The notification procedure of balanced diets is currently free of charge. The Fee Ordinance is currently being revised, so I would like to point out that a fee may be charged in the future.
