

# Subiton GUN Bone Cements

 LABORATORIOS SL S.A.

## MEDIUM VISCOSITY

### Subiton GUN

- without antibiotic
- contain 40 g. Sterile packaging
- with 2 components
- a vial of liquid and a bag of polymer powder
- radioopaque
- medium viscosity

#### Presentation:

40g + 20ml - REF 880320

## MEDIUM VISCOSITY

### Subiton GUN G

- contain 40 g of polymer in powder form and monomer in liquid form.
- contain barium sulphate in cement powder as a radiopaque agent
- with medium viscosity, indicated for arthroplasties at the level of the hip, knees and other joints
- with Gentamicin

#### Presentation:

40g + 20ml - REF 880420
