STATUS OF TESTS AND TYPE APPROVAL PROCESS TECNOVE FORD TRANSIT AMBULANCES PROJECT

To whom it may concern,

Mr. Santiago Tuñón Vázquez, acting as Quality Manager of the Technical Service CIMALab®, Laboratory of Vehicle Components and Accessories; states that the company TECNOVE, S.L. has commissioned the tests required by standard EN 1789:2020+A1:2023 and the European type-approval under the Regulation (EU) 2018/858 for the conversion of the Ford Transit vehicle into an ambulance.

CIMALab® is a Technical Service designated by the Luxemburg Type Approval Authority under the reference ST_HOM_CIMALab_02_01 and accredited by ENAC under the standards EN ISO/IEC 17020:2012 accreditation nº 251/EI482 and EN ISO/IEC 17025:2017 accreditation nº 949/LE2055.

The Type-approval is expected to be issued by September 2026.
