

Optional Peripheral Devices

Endoscopic CO₂ Insuflator (PCI-V10c)

- Intelligent air pressure control mechanism with an adjustable flow control.
- Compact and portable design, easy to install to the endoscopic trolley.
- One-touch operation and easy to use.

Automatic Leakage Tester (PLT-V10c)

- Latest cantilever design, easy for loading and unloading, robust, durable and space saving.
- Compatible with major endoscope brands for leakage testing. Find the pinhole leaks early, and potentially reduce the failure rate.

Endoscopic Trolley (PT-V10c)

- Durable and stable endoscopic trolley, smooth and quiet to maneuver.
- Adjustable panel height, large loading capacity to meet the demand of different medical staff.
- Quality proven design of band brake wheel with high mechanical strength and shock absorption.
