The Multi-Chamber-System (VM820E) keeps the beads in the right position and makes application easy and fast

Durable exterior TPU material, easy to clean and disinfect. The red outside consists of fabric double coated with red TPU film. On the inside blue bio-compatible TPU film is facing the patient

Robust, automatically closing valve with adapters for all pumps

Soft and pleasant material facing the patient

Ergonomical, removable heavy duty handles that are easy to clean, reposition or replace

Colour coded patient restraint straps, adjustable from both sides, easy to clean, reposition or replace

An indestructible label with individual serial number and date of manufacture is welded onto every product. Optional are labels with property indicator and distributor logo.

The uniquely thin profile allows for the smallest storage space.

Mattresses with a dimension of 80 x 200 cm need 80 x 45 x 25 cm for storage
