Basic Air Purifier KJ200G-A3A/B/C

KJ200G-A3A

KJ200G-A3B

KJ200G-A3C

Quiet operation
Comfortable sleep

Air Purifier for Office

Remove PM2.5

Multiple Filtering

Releasing of Anions

Ultra-quiet Operation

Product parameters

CADR	200m ³ /h	Noise (Low Speed)	20.4 dB(A)
Rated Power	40W	Control Operation	Keyboard + Remote
Motor	AC motor	N.W	5kg
Applicable Area	14~24m ²	Product Size	325x172x510mm
Method of Cleaning	Pre-filter : Activated Carbon filter+High grade HEPA filter		

★★★

KJ200G-A3F

Quiet operation
Comfortable sleep

Small Air Purifier for Home

Remove PM2.5

Multiple Filtering

Releasing of Anions

Ultra-quiet Operation

Product parameters

CADR	200m ³ /h	Noise (Low Speed)	20.4 dB(A)
Rated Power	40W	Control Operation	Keyboard + Remote
Motor	AC motor	N.W	5kg
Applicable Area	14~24m ²	Product Size	325x172x510mm
Method of Cleaning	Pre-filter : Activated Carbon filter+High grade HEPA filter		

Humidifier Air Purifier KJ488FK08A/D/E

KJ480FK08A

KJ480FK08D

KJ480FK08E

The Most Advanced 8 Grade Wind Speed, Full Function Air Purifier for living room

Automated Humidification

Remove PM2.5

Multiple Filtering

UV Sterilize

Releasing of Anions

Ultra-quiet Operation

Touch Control

Intelligent Sensor

Product parameters

CADR	488m ³ /h	Motor	Nidec DC Motor
Rated Power	95W	Applicable Area	34~58m ²
N.W	10.8kg	Product Size	400x230x695mm
Protection Function	Power off once cover open + Child Lock		
Auto processing	Dust Sensor+ Light Sensor+ Pm2.5 Display+ Filter Change Indicator		
Method of Cleaning	Pre-filter + Cold Catalyst Filter + Cellular-Activated Carbon Filter High Efficiency HEPA Filter + Sterilizing UV light + Anion		

Humidifier Air Purifier KJ200FK02A/B/C

KJ200FK02A

KJ200FK02B

KJ200FK02C

Humidifier Function Moisturize Skin Air Purifier with Humidifier

Automated Humidification

Remove PM2.5

Multiple Filtering

UV Sterilize

Releasing of Anions

Ultra-quiet Operation

Double Control

Intelligent Sensor

Product parameters

CADR	200m ³ /h	Noise (Low Speed)	21.6 dB(A)
Rated Power	65W	Applicable Area	14~24m ²
Anion Concentration	20million/cm ³	N.W	6.5kg
Humidification	Ultrasonic humidification	Sensor	Order Sensor
Protection function	Anti-tip switch	Product Size	360x195x565mm
Method of Cleaning	Cold Catalyst Filter + Cellular-Activated Carbon Filter High Efficiency HEPA Filter + Sterilizing UV light + Anion Purifier		

Big Air Purifier KJ800FK15A/B/C

KJ800FK15A

KJ800FK15B

KJ800FK15C

Super Wind Speed
Speed Filter

800 CADR Air Purifier

Light Sensor

Remove PM2.5

Multiple Filtering

Releasing of Anions

Ultra quiet
Operation

Touch Control

Protection function	Anti-tip switch	N.W	8kg
Humidification	Ultrasonic humidification	Sensor	Order Sensor
Product Size	A 370x230x695mm / B 370x205x680mm / C 370x220x695mm		
Method of Cleaning	Cold Catalyst Filter + Cellular-Activated Carbon Filter High Efficiency HEPA Filter + Sterilizing UV light + Anion		

Small Air Purifeir KJ160FK01A/B/C

KJ160FK01A

KJ160FK01B

KJ160FK01C

Quiet Operation Comfortable Sleep

**Air Purifier for
Bedroom/Childroom/small office**

Remove PM2.5

Multiple Filtering

UV Sterilize

Releasing of Anions

Ultra-quiet
Operation

Double Control

Product parameters

CADR	160m ³ /h	Noise (Low Speed)	20.4 dB(A)
Rated Power	40W	Control Operation	Keyboard + Remote
Anion Concentration	20million/cm ³	N.W	4.8kg
Applicable Area	11~22m ²	Product Size	330x180x505mm
Method of Cleaning	Cold Catalyst Filter + Cellular-Activated Carbon Filter High Efficiency HEPA Filter + Sterilizing UV light + Anion Purifier		

A12 Small Air Purifeir

- H13 HEPA + high-performance modified activated carbon
a. Optional filter: anti-virus Cu2Ag + sterilization and anti-virus composite filter
b. Optional: UVA-LED UV + photocatalyst sterilization filter
- High CADR value: 100-120m³ / h
- Application area: 8-15m²
- Intelligent air quality digital display + light display
- DC brushless motor, low power consumption + high efficiency conversion + high life

Remove PM2.5

Multiple Filtering

Releasing of Anions

Ultra-quiet
Operation

Product parameters

CADR of particles	120m ³ / h	TVOC CADR value	60m ³ / h
Rated voltage	110V-220V~	Noise	The maximum noise level is less than 50dB (A)
Rated power	25W	Application area	8-15m ²
Wind speed adjustment	4 speeds	Power cord length	1.8m
Filter screen	HEPA + activated carbon	Product size	190 * 190 * 320mm
Function	Remove formaldehyde, PM2.5, odor, smoke		

Car Air Purifier KJ008FK05A/B

KJ008FK05A

KJ008FK05B

HEPA

optional: HEPA+Carbon

Good air in the car
Good mood all the way

Remove PM2.5

Multiple Filtering

Releasing of Anions

Ultra-quiet Operation

Product parameters

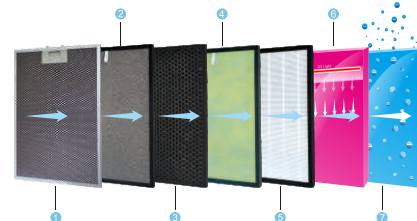

Rated Voltage	DC10~15V , 300-500mA	App Area	Car air purifier
Filter	HEPA	N.W	250g
Anion Concentration	5million/cm ³	CADR	8m ³ /h
Product Size	A 74x74x158mm , B 74x74x170mm		

Charger: Cigarette charger, (optional) USB charger.

Car Air Purifier
Small Office Air Purifier

Seven Stages Filtration

Compatible for K01,K02,K03,K04,K06,K07,K08 series

- Primary Filter**
Filter the larger volume particles, can wash by water.
- Antibacterial Filter**
Removes fine particulates, acariens, microbe, bacteria
- Anion purification**
Improves air quality, multiple health benefits
- Cold Catalyst filter**
Catalysis of formaldehyde, benzene, TVOC
- High Efficiency HEPA Filter**
Eliminates mold, dust, allergens and bacteria
- Cellular-Activated carbon Filter**
Rapid absorption of odor, decomposition of formaldehyde, benzene, ammonia, second-hand smoke
- Ultraviolet Sterilize Light**
Rapidly kills viruses and bacteria

PRE FILTER
Can be repeatedly cleaned and recycled

Filter out large particles, such as human and animal hair, dander, cotton wool and so on.

High Capacity Carbon Cloth Composite Filter
Higher formaldehyde purification capacity/longer service life

Anti-mold and antibacterial H11 grade HEPA material contains functional nano-particles after special processing. The surface is covered with nano-scale micro-fibers, and high efficiency treatment of formaldehyde TVOC, PM2.5, pollen, allergens, etc. is removed. The rate reached 99.99%.

Customised Filters, for example
Antivirus filter, Strong Smell Removing Filter etc

CERTIFICATES

Our factory has passed **BSCI** Audit and **ISO**.

All of hydrogen water has passed **FDA** certificate

All of our air purifier has passed **KC GS REACH RCM** certificates
Passed many international big brand's factory audit

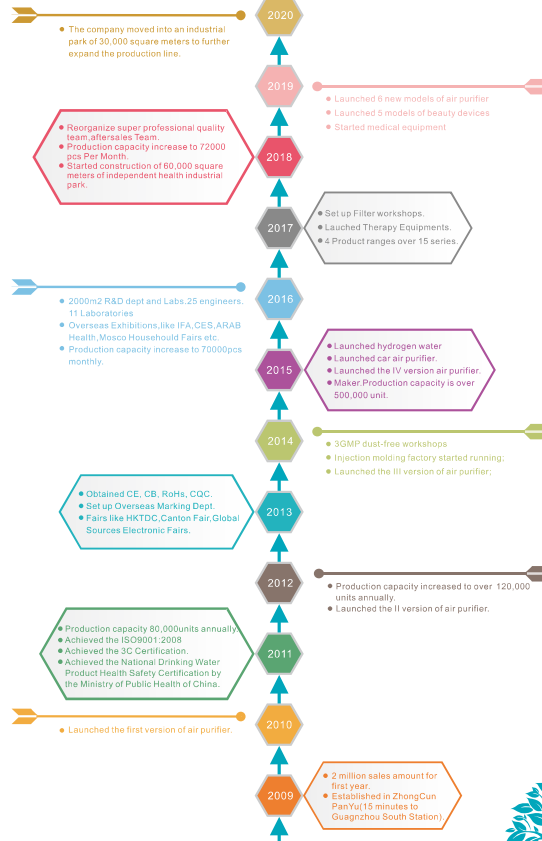

36 patent certificates in air purifier and hydrogen water.

Our factory won high-technology enterprises in 2016, and certificate number is GR201644000718. Four products were identified as high-tech products. Powerful suction filter ultra quiet air purifier. Household multifunctional negative ion air purifier. New easy-to-install multi-layer filter air purifier. Low carbon, environmentally friendly and efficient water purifier.

OLANSI HISTORY

Health industry OEM/ODM expert
