## COMPANY PROFILE

Shunmei Medical Co., Ltd, founded in 2009, is a high-tech enterprise combined modern engineering technology with clinical medicine, working on development, production, and sale of medical devices. The headquarters is located in Longgang District, Shenzhen city. Shunmei Medical owns two production bases, one is in Shenzhen, the other in Huizhou. The company is equipped with advanced cleaning production Workshops And inspection systems.

Shunmei Medical Co., Ltd has experienced staff specialized in product development, quality control, enterprise management, and market expansion. The company mainly develop disposable medical products, involved in the fields of anesthesia, interventional cardiology, urology, drainage and so on, products such as central venous catheter kit, hemodialysis catheter kit, connecting tube, disposable pressure transducer set, introducer sheath, Guidewire, manifolds, rtc. . .

Shunmei Medical Co., Ltd adheres to the idea "Innovate products with Science and technology, gather love for patients and customers" to provide more advanced and better medical disposables for world-wide medical professionals.

## TABLE OF CONTENTS

### ANESTHESIOLOGY & ICU

- 4 CENTRAL VENOUS CATHETER
- 5 DISPOSABLE PRESSURE TRANSDUCER SET
- 6 3 WAY STOPCOCK      CONNECTING TUBE
- 7 CLOSED SPUTUM SUCTION TUBE    TRACHEOTOMY TUBES

### INTERVENTIONAL CARDIOLOGY

- 8 GUIDEWIRE
- 9 BALLOON INFLATION DEVICES
- 10 HEMOSTASIS VALVE SET
- 11 INTRODUCER SETS
- 12 MANIFOLDS SET
- 13 HIGH PRESSURE 3 WAY STOPCOCK      NEEDLE
- 14 ANGIO CLOSURE PAD      TR CLOSURE BAND

### NEPHROLOGY DEPARTMENT

- 15 HEMODIALYSIS CATHETER KIT

### UROLOGY

- 16 URETERAL STENT

### DRAINAGE

- 17 DRAINAGE CATHETER

### MEDICAL IMAGING

- 18 ANGIOGRAPHIC SYRINGE

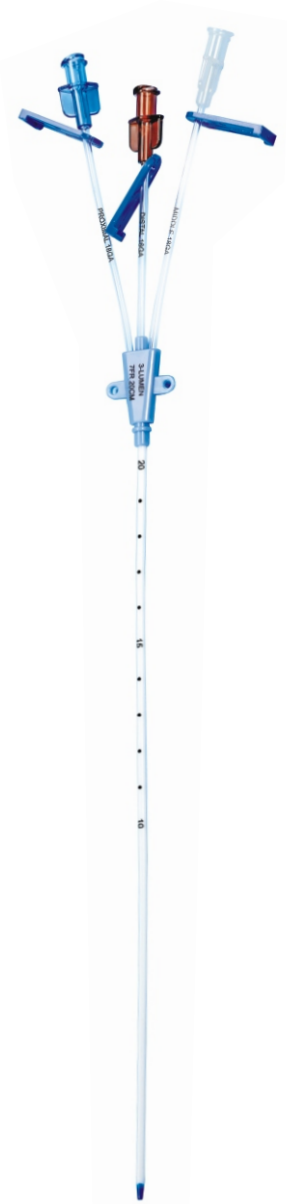

### OBSTETRICS AND GYNECOLOGY    ACCESSORIES

- 19 MANAGE POSTPARTUM HEMORRHAGE SIMPLY AND ELECTIVELY
- 19 CERVICAL RIPENING BALLOON
- 19 ACCESSORIES

# CENTRAL VENOUS CATHETER

## PRODUCT FEATURES:

- Excellent soft-tip to significantly reduce risk of vascular trauma
- Medical grade material: catheter automatically softens under the temperature of 37°
- with radiopaque materials, ensure correct placement of the catheter tip.

### Single lumen catheter

Product No.	Size(Ga)	Length(cm)

609402	8.5	20
609403	8.5	30

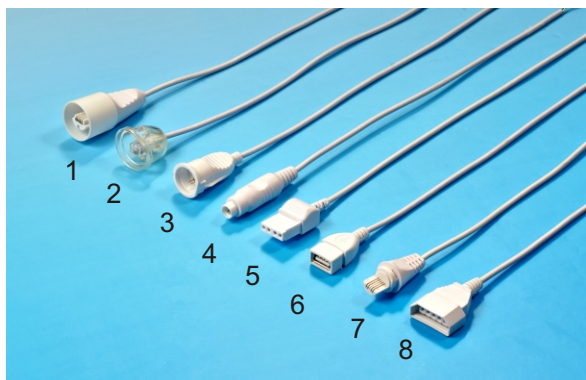

# DISPOSABLE PRESSURE TRANSDUCER

**PRODUCT FEATURES:**

- Consistent and accurate readings during monitoring.
- Ease-of-use with a variety of interface cables available.
- Fully integrated flow-thru component design simplifies filling and debubbling.
- Versatile, dual function Snap-Tap allows dynamic response testing.

- 1 Edward connector
- 2 Abbott connector
- 3 BD connector
- 4 Philips connector
- 5 Utah connector
- 6 USB connector
- 7 Medex connector
- 8 PVB connector

**Plate holder**

Single channel kit

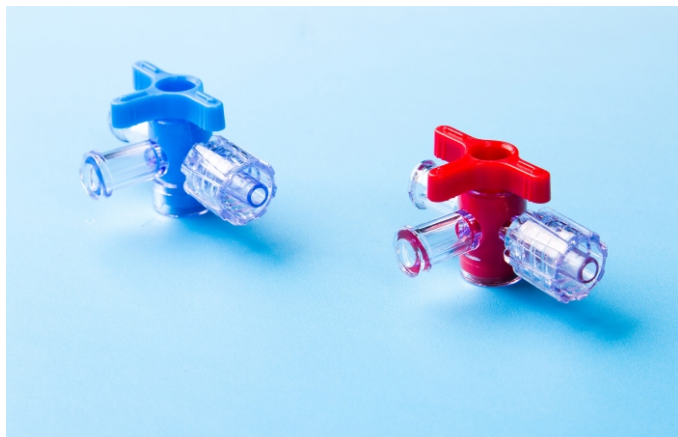

Double channel kit

Description Single channel kit / Double channel kit	Product No.	Qty. (kits/Carton)	
		Single channel kit	Double channel kit
Edward connector	612101 / 612201	80	40
Philips connector	612102 / 612202	80	40
Abbott connector	612103 / 612203	80	40
BD connector	612104 / 612204	80	40
Utah connector	612105 / 612205	80	40
Medex connector	612106 / 612206	80	40
PVB connector	612107 / 612207	80	40
USB connector	612108 / 612208	80	40

## 3 WAY STOPCOCK

Product No.	Qty.Pcs/CT)
614101	1000

## CONNECTING TUBE

Length can be customized.

Product No.	Description	Length(cm)

625108	10	8.5
625109	10.5	8.5
625110	11	8.5

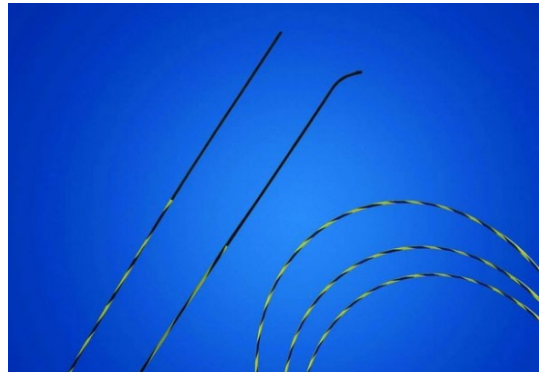

### Hydrophilic coated guidewire

- The surface has special hydrophilic coating that can absorb and keep liquid to reduce the friction of surface and maintain its smooth.
- Tip with good softness can maximumly reduces the damage to vessel.
- Guidewire body with excellent flexibility strengthens its braced force and operability.

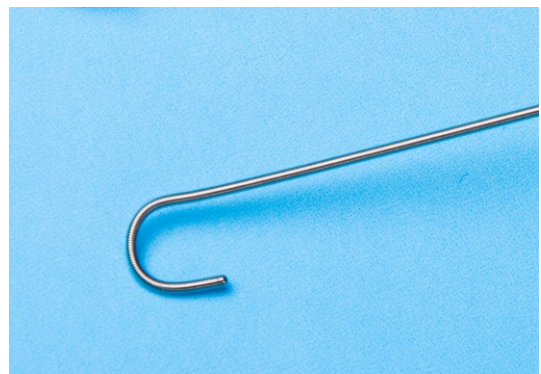

### PTFE guidewire

- The PTFE coating makes the guidewire surface very smooth.
- Fortified core wire makes guidewire easy to insert vessel and uneasy to kink.

### Zebra guidewire

- Excellent surface property makes good lubricity.
- Typical blue and white stripes make it clear to see the movement of guidewire.
- Super-elastic nickel-titanium core with good torsional rigidity can effectively prevent tangling up.
- Conical tip design is convenient for puncture in tortuous and restricted place.

### Nitinol guidewire

- The single nitinol memorial alloy material used has good fracture resistance.
- The core wire of nitinol alloy makes guidewire easy and smooth to insert vessel.

Size	length (cm)
0.025"	150
0.028"	150
0.032"	150/180/260
0.035"	150/180/260
0.038"	150/180/260

BALLOON INFLATION DEVICES

PRODUCT FEATURES::

- Accurate pressure gauge ensures the accuracy and reliability of date.
- The design of particular prehensile safety lock ensures pressurizing conveniently and accurately.
- The handle design complying to ergonomics is more comfortable to operate.

Product No.	Description
617101	BID1
617102	BID2
617103	BID3

## GUN TYPE INFLATION DEVICE

### PRODUCT FEATURES:

- Accurate pressure gauge ensures the accuracy and reliability of data.
- The design of particular prehensile safety lock ensures pressurizing and accurately.
- The handle design complying to ergonomics is more comfortable to operate.

Product No.	Description
617108	20ml
