Service Center **Ultra Service**

The company **UltraService** was founded in December of year 2008. Now the **UltraService** is more than 20 certified engineers who perform after-sales and post warranty service of a diversity of well-known brands such as: **Acer, Apacer, BenQ, Epson, Fujitsu, Genius, Gembird, Gigabyte, Palit, Samsung, Seagate, Sony, TP-Link, Transcend, Western Digital, Lenovo, Sven, Asus** and many others.

Responsibility of our engineers are maintenance of servers and data storage systems, active and passive network equipment, laptops and all-in-one computers, GSM phones and smartphones, cameras and video equipment, copy machines and scanners, smart household equipment and various services on support, maintenance and consultation of our customers.

On top of that we provide services on digitization of archive materials, design and deployment of local-area network and communications, IT support of holding companies as well as SME companies.

Our clients are dozens of companies, such as: **Moldelectrica, Invitro, Avia Invest, Enter, Conect, Mobias Banca, Moldcell, Orange, Posta Moldovei, Finance Leasing Company, Darwin, Euro Credit Bank, Max&Furniture, Esempla, MSA Grup, Ministerul Afacerilor Interne, Klassika Asigurari, Moldtelecom.**

More than 500 000 customers have made use of services provided by our company so far.

In year 2017 the company UltraService was reorganized and consolidated with «Service & Service» and «Smart Print» within a single brand. Now it is the most powerful and unique service center in the Republic of Moldova capable to solve any problem in the field of repair and maintenance of IT and peripheral equipment.

UltraService – we can do everything!
