**Nulatex Sdn Bhd** is a privately owned manufacturing company of latex condoms and related personal care products based in Kluang, Johor, Malaysia.

Established in 2004, Nulatex Sdn Bhd has produced and marketed quality latex condoms to over 40 countries around the world. Located close to the suppliers of our key raw material, i.e. natural rubber latex, we are able to offer our customers superior products at competitive price.

### OUR MISSION

Nulatex is dedicated to manufacturing premium latex condoms and related personal care products that promote a healthy lifestyle. Our mission is to empower individuals with reliable, safe, and enjoyable options for sexual wellness, ensuring their well-being and satisfaction.

### OUR VISION

Our vision is to be the global leader in the manufacturing and distribution of disposable latex medical products, renowned for our commitment to innovation, quality, and customer satisfaction. We aspire to create a world where every individual has access to safe options for sexual wellness, fostering a culture of health and responsibility.

### Managing Quality

In managing quality in our production, we emphasize and insist on using only the highest grade of raw materials. Our natural rubber latex\*, which is the main raw material component in condoms, is sourced from reputable suppliers. By using this specially formulated latex, we are able to produce remarkably thin condoms that are strong, reliable, and compliant with the required international safety and testing standards.

*\*Natural rubber latex complies with the requirements specified in the US Food and Drug Administration (FDA) Regulation CFR 21-884.5300*
