

# Quality Compliance Statement

To Whom It May Concern,

Zhejiang Shengdi Instrument Co., LTD was established in 2014. We are a company specializing in the design, development, production and sales of various pressure instruments. MAIRUIKESI is our brand, which includes pressure gauges of different styles and sizes. At the same time, we provide customized products to meet the requirements of instruments in different countries.

<http://www.shengdiyb.com/honor/1.html>

From the website you can verify that our factory complies with the international ISO9001, and our products are exported to different countries around the world and have CE certification.

# Product Parameters Technical Description

## Model: YN60

Material: Iron shell copper joint

Range: -0.1-0MPa 0.1MPa 0.16MPa 0.25MPa 0.4MPa 0.6MPa 1MPa 1.6MPa 2.5MPa 4MPa 6MPa 10MPa 16MPa 25MPa

Pressure display range and dial label content can be customized

Product styles are as follows

## Model: YN50

Material: Iron shell copper joint

Range: -0.1-0MPa 0.1MPa 0.16MPa 0.25MPa 0.4MPa 0.6MPa 1MPa 1.6MPa 2.5MPa 4MPa 6MPa 10MPa 16MPa 25MPa

Pressure display range and dial label content can be customized

Product styles are as follows

**Model: Y100**

Material: Iron shell copper joint

Range: -0.1-0MPa 0.1MPa 0.16MPa 0.25MPa 0.4MPa 0.6MPa 1MPa 1.6MPa 2.5MPa 4MPa 6MPa 10MPa 16MPa 25MPa

Pressure display range and dial label content can be customized

Product styles are as follows

**Model: YE60**

Material: Iron shell copper joint

Range: 2.5KPa 4KPa 6KPa 10KPa 16KPa 25KPa ...

Pressure display range and dial label content can be customized

Product styles are as follows

**Model: YE100**

Material: Iron shell copper joint

Range: 2.5KPa 4KPa 6KPa 10KPa 16KPa 25KPa ...

Pressure display range and dial label content can be customized

Product styles are as follows

**Signature: Zhejiang Shengdi Instrument Co., LTD.**

**Date: 2025/01/16**
