

ALF-1308

LED Vehicle Lighting

General

- 3-chips high efficiency LEDs
- Polycarbonate optical lens with UV and impact resistance
- Aluminium base
- Voltage and current limited circuit
- Optional blue leds for night mode

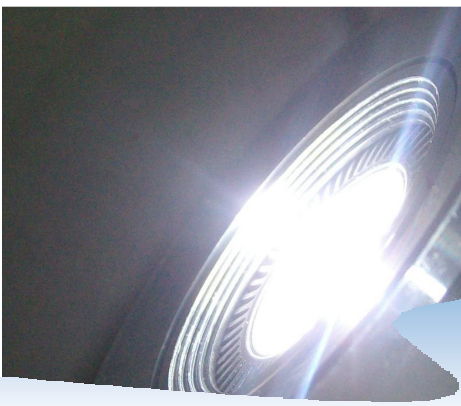

Technical Specs

Model	ALF-1308
Voltage	12VDC or 24VDC
Light Source	3 chips LED (72pcs LED for standard length)
Lens	Polycarbonate (UV and impact resistant)
LED Color	Standard White (optional blue leds for night mode)
Lens Color	Translucent
Dimension	length : Standard 103cm (we can produce alternative size, please ask) width: 11cm

Applications

ALS - 0911/0911E

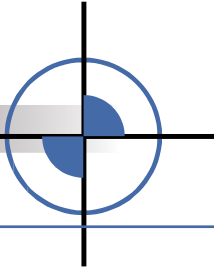

LED Vehicle Spotlight

General

- 3W high efficiency LED
- UV and impact resistance
- Aluminium base
- Voltage and current limited circuit
- Left-right removable head (just for ALS-0911)

Technical Specs

Model	ALS-0911 / ALS-0911E
Voltage	12VDC or 24VDC
Light Source	3W LED
Lens	UV and impact resistant
LED Color	Standard White
Lens Color	Clear

Applications
