**Chisinau, Republic of Moldova,

A: General Inspectorate for Emergency Situations of the Ministry of Internal Affairs, Republic of Moldova, no.69, Gheorghe Asachi str., Chisinau mun., MD-2028

One signed form must be supplied (for each lot, if the tender procedure is divided into lots), together with the number of copies specified in the instructions to tenderers. The form must include a signed declaration using the annexed format from each legal entity submitting this tender. Any additional documentation (brochure, letter, etc.) sent with the form will not be taken into consideration. Tenders being submitted by a consortium (i.e. either a permanent, legally-established grouping or a grouping which has been constituted informally for a specific tender procedure) must follow the instructions applicable to the consortium leader and its members. The attachments to this submission form (i.e. declarations, statements, proofs) may be in original or copy. If copies are submitted, the originals must be dispatched to the contracting authority upon request. For economical and ecological reasons, we strongly recommend that you submit your files on paper-based materials (no plastic folder or divider). We also suggest you use double-sided print-outs as much as possible.

Capacity-providing entities

An economic operator (i.e. tenderer) may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. If the economic operator relies on other entities it must in that case prove to the contracting authority that it will have at its disposal the resources necessary for the performance of the contract by producing with the tender documents a commitment by those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility as the economic operator relying on them and must comply with the selection criteria for which the economic operator relies on them. **For the purpose of the present tender, the data for this third entity for the relevant selection criterion has to be included in a separate document.** Proof of the capacity will also have to be provided when requested by the contracting authority.

With regard to technical and professional criteria, an economic operator may only rely on the capacities of other entities where the latter will perform the tasks for which these capacities are required.

With regard to economic and financial criteria, the entities upon whose capacity the economic operator relies, become jointly and severally liable for the performance of the contract.
