

## **RoHS - REACH Declaration of conformity**

### **Declaration of conformity RoHS**

We herewith confirm the conformity of our products according to the RoHS Guidance 2011/65/EU res. 2015/863/EU of the European Parliament and Council on the limitation of hazardous substances in electrical and electronic components and devices as well as the adherence to permissible maximum concentrations in percent by weight <0.01% of cadmium, <0.1% of lead, mercury, hexavalent chrome (Cr6+), polybrominated biphenyl (PBB), polybrominated diphenyl ether (PBDE), diphthalate (DEHP), butylbenzylphthalate (BBP), dibutylphthalate (DBP) and diisobutylphthalate (DIBP) in accordance with Annex II of the Guidance.

SIEGENIA AUBI KG herewith declares that all our products, unless otherwise indicated, are produced RoHS-compliant.

Exceptions according to Annex III of the Directive, Point 7a: Articles and Applications, for which, according to the application, high temperature soldering with a lead content >85% must be used, fall under the exception and are also RoHS-compliant.

### **Declaration of conformity REACH**

SIEGENIA-AUBI KG is, as a producer of hardware in terms of the REACH Regulation 1907/2006 a "downstream user". Obligations on the basis of the production and the marketing of substances / chemicals of pre-registration and registration (ECHA) are not applicable for us. Our products are commodities and consequently not to be defined as substances or preparations. Moreover, no substance is released from our products under normal and foreseeable conditions of use. Hence, SIEGENIA-AUBI KG is neither subject to the registration obligation nor to the obligation to compile safety data sheets.

We declare that the application of our products does not incur the obligation to provide information in accordance with Article 33. In order to guarantee the continual supply of safe and reliable products to our customers, we ensure that our suppliers fulfil all requirements with regard to chemical substances and materials, and thereby no substances from the candidate list for substances of very high concern (SVHC) are used for the production of our products.
