Dear customer;

We have made all innovations in quality and product development stages in line with the feedback and suggestions of our valuable users. We would like to take this opportunity to thank our esteemed Turkish doctors for their contributions; hope to receive your support, suggestions and criticism with sensitivity.

About 40 years of experience in the sector as a manufacturer with the highest quality, TMT Tibbi Medikal Malz. San. A.Ş. has gained an important share in the international market as well as in our country in a short time. We are proud to have gained the rightful trust in nearly 100 countries all over the world with the **egemen**[®] brand.

Societies that want to live well without working, getting tired and producing are doomed to lose their dignity first, then their freedom and then their independence and future.
